Introduction & Scope

This official manual covers the active operational features of the **GOSIKA Seller Portal**. It is directly synchronized with the live seller portal interface, covering every feature accessible via the main sidebar menu.

Sidebar-First Structure: In alignment with the user interface, this documentation is structured into the 7 primary operational sections of the GOSIKA Seller Portal:

• **STORE:** Dashboard KPIs, Store Profile customization, and Store Settings.
• **ORDERS:** All Orders registry, Order Details, To Ship fulfillment, Shipped tracking, and Returns & Issues handling.
• **PRODUCTS:** My Products catalogue, Add Product creation, Edit Product, Approval Status, Low Stock alerts, and Reviews & Q&A.;
• **PROMOTIONS:** Marketplace Campaign enrollment and Custom Voucher / Coupon creation.
• **FINANCE:** Wallet balance, Payout withdrawals, and Itemized Settlement sheets.
• **SHIPPING:** Pickup Locations configuration and bulk Shipping Labels generation.
• **ACCOUNT:** Profile information, KYC business verification, Bank Account configuration, Security passwords, Notifications, and Support helpdesk.

Phase 1 Scope: All screenshots in this manual are genuine, unedited captures from the live GOSIKA e-commerce platform. Phase 2 will introduce directional highlight arrows, numbered badges, and enhanced graphic overlays.

Chapter 1: Portal Entry & Navigation

How to authenticate your seller account, access the GOSIKA Seller Portal, and navigate using the responsive sidebar menu.

1.1 Seller Login

Purpose:
Secure authentication gate providing authorized vendors access to their store management dashboard.

How to access:
Navigate to http://localhost:8000/seller/login

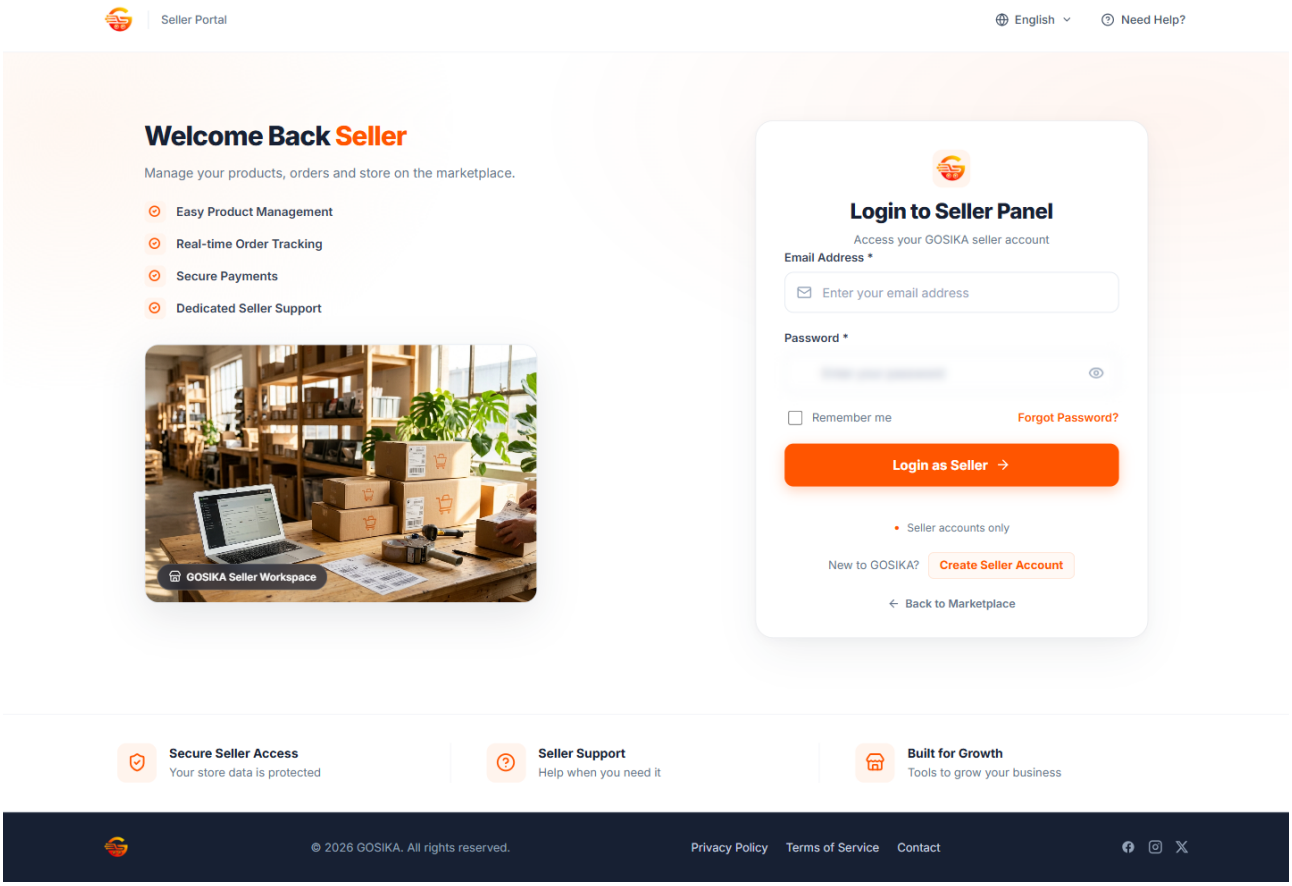

Figure: Seller Login Page

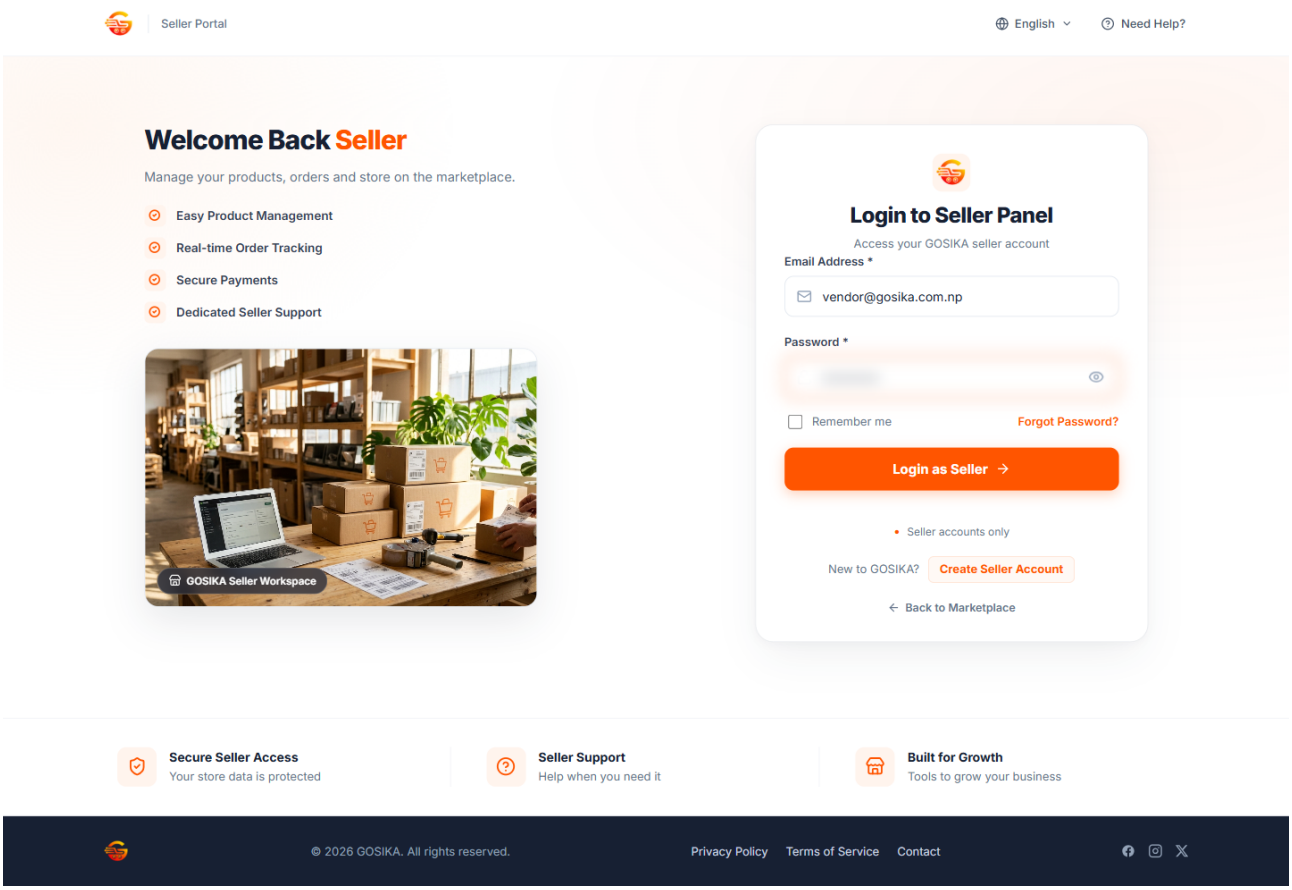

Figure: Seller Login – Credentials Entered

Step-by-step instructions:

1. Open the browser and visit the Seller Login URL.
2. Enter your registered seller email address.
3. Enter your password.
4. Click 'Sign In' to authenticate.
5. Upon successful authentication, the system redirects to the Vendor Dashboard.

Expected Result:
You are securely signed in and the Seller Portal workspace loads.

■ Never share your login credentials or OTP codes with third parties.

1.2 Sidebar Navigation Overview

Purpose:
The primary sidebar menu groups all vendor operations into logical sections: STORE, ORDERS, PRODUCTS, PROMOTIONS, FINANCE, SHIPPING, and ACCOUNT.

How to access:
Always accessible on the left edge of all Seller Portal pages (/vendor/*).

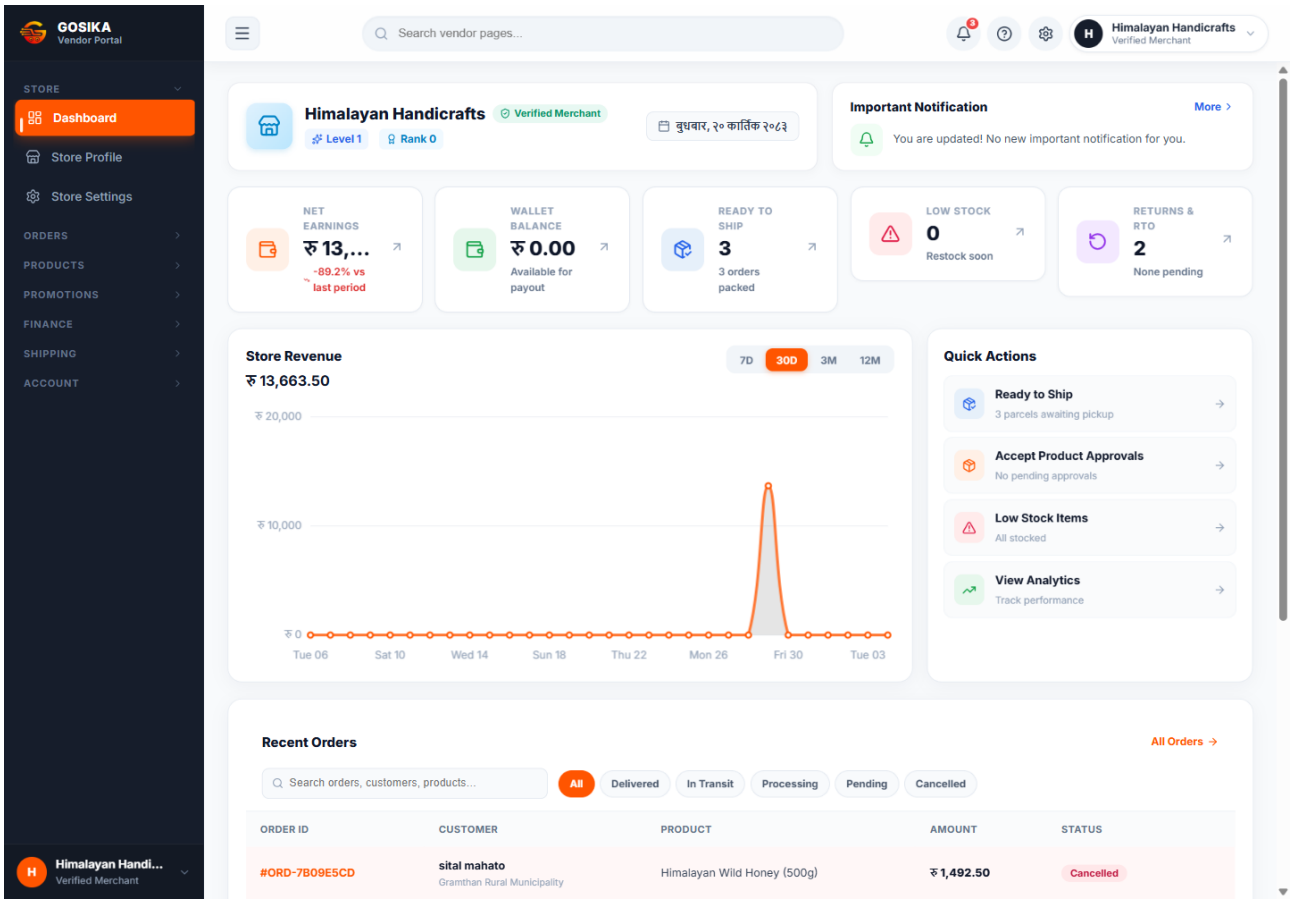

Figure: Sidebar Navigation Menu

Step-by-step instructions:

1. Locate the dark navigation sidebar along the left edge of the screen.
2. Review the section headers: STORE, ORDERS, PRODUCTS, PROMOTIONS, FINANCE, SHIPPING, and ACCOUNT.
3. Click any menu item to switch instantly to that operational section.
4. On mobile or small viewports, click the top menu toggle to expand or collapse the sidebar.

Expected Result:
Fast, direct access to any store management function in the platform.

© 2026 GOSIKA Pvt. Ltd. Confidential.

Chapter 2: STORE

Daily store operations, real-time KPI overview, store public profile customization, and operational policies.

2.1 Dashboard

Purpose:
Executive summary of store health, revenue, total orders, pending actions, and quick metric summaries.

How to access:
Click 'Dashboard' in the sidebar or visit /vendor

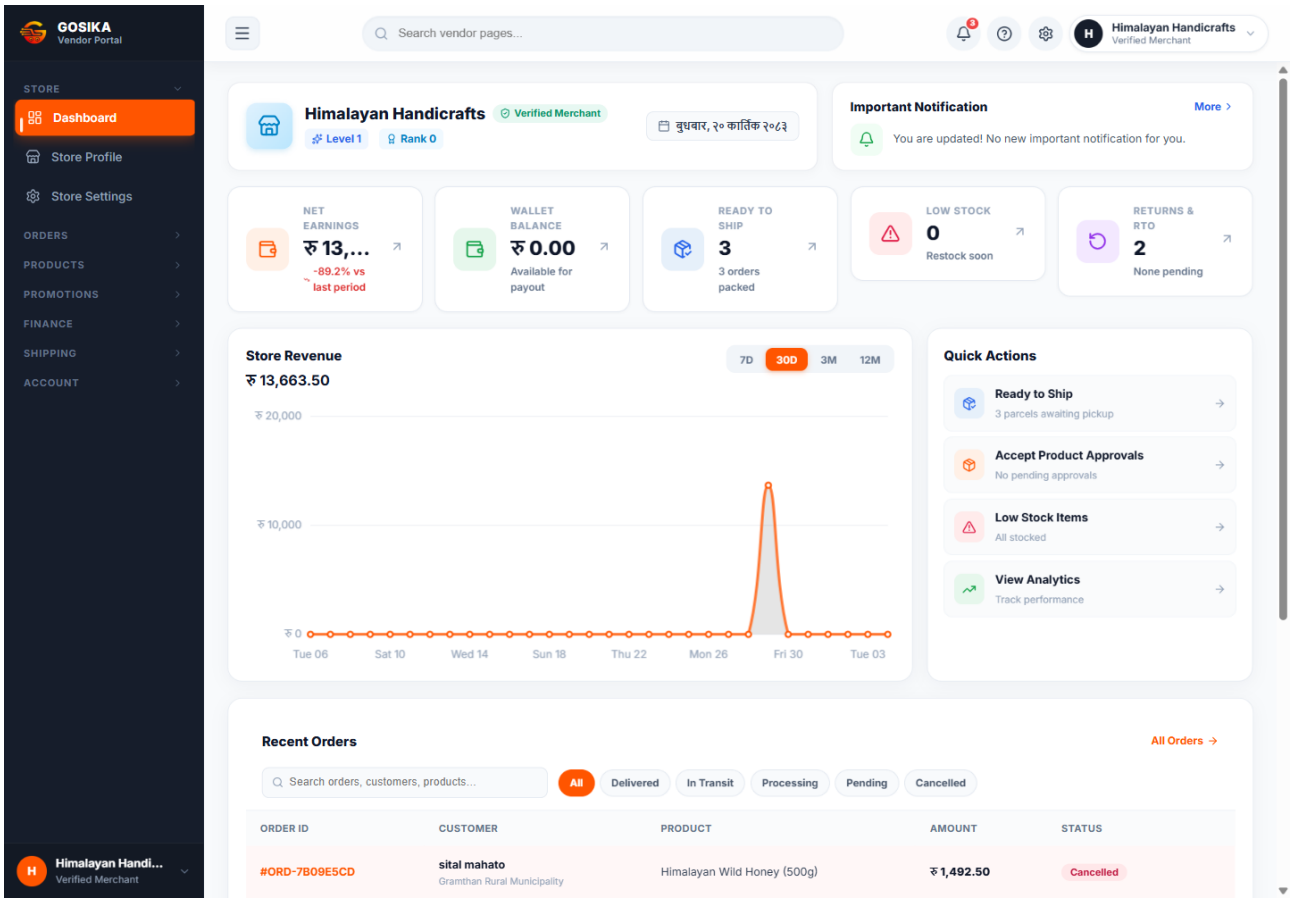

Figure: Seller Dashboard – Overview

Step-by-step instructions:

1. Click 'Dashboard' at the top of the STORE sidebar section.
2. Review the primary KPI summary cards (Total Revenue, Orders, Products, Customer Ratings).
3. Check quick alert badges for orders requiring immediate dispatch or low stock notices.

Expected Result:
Comprehensive high-level view of your current business performance.

2.2 Store Profile

Purpose:
Manage public-facing store branding, including store name, logo, banner, and business description.

How to access:
Click 'Store Profile' in the sidebar or visit /vendor/store/edit

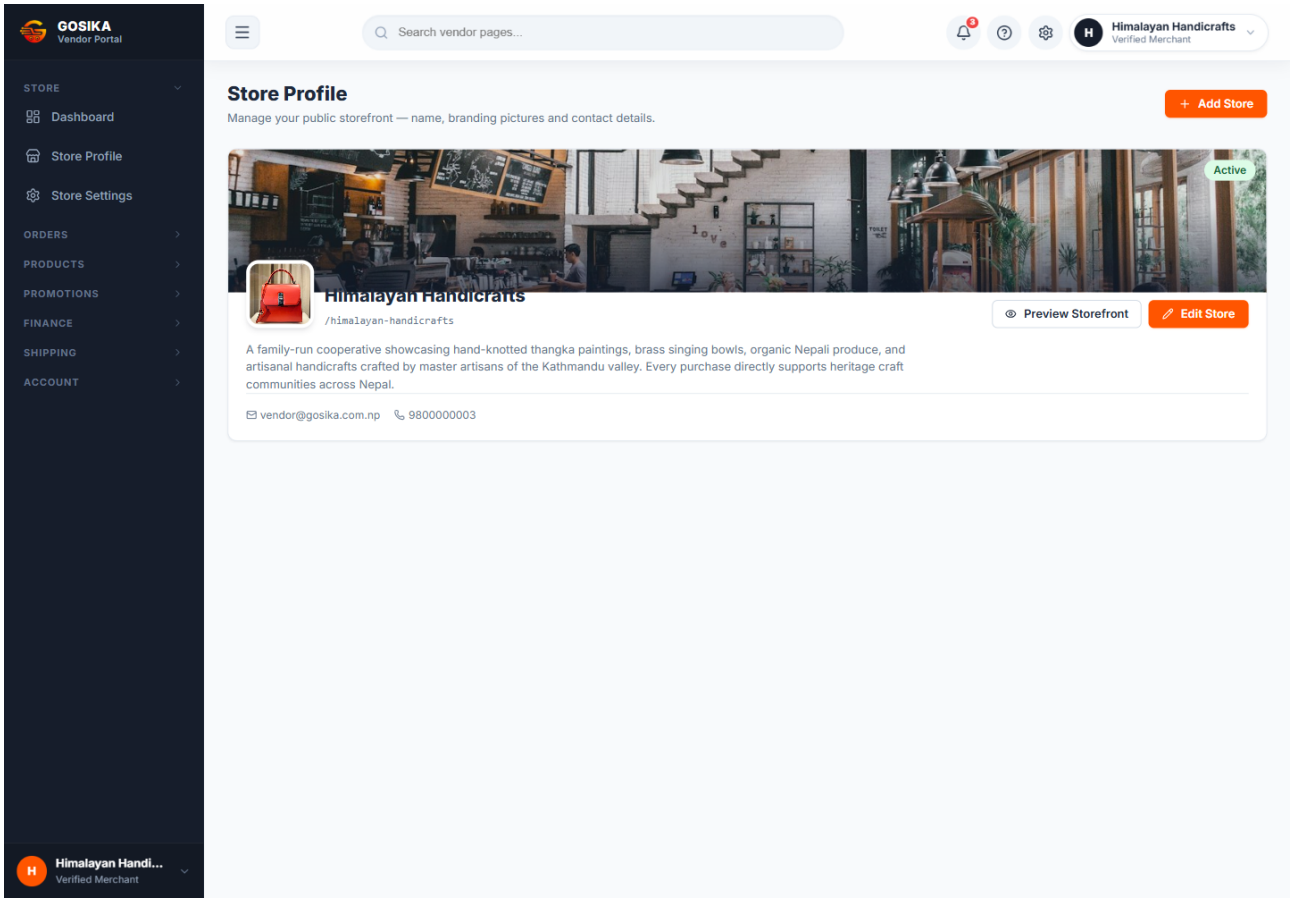

Figure: My Stores – Store List

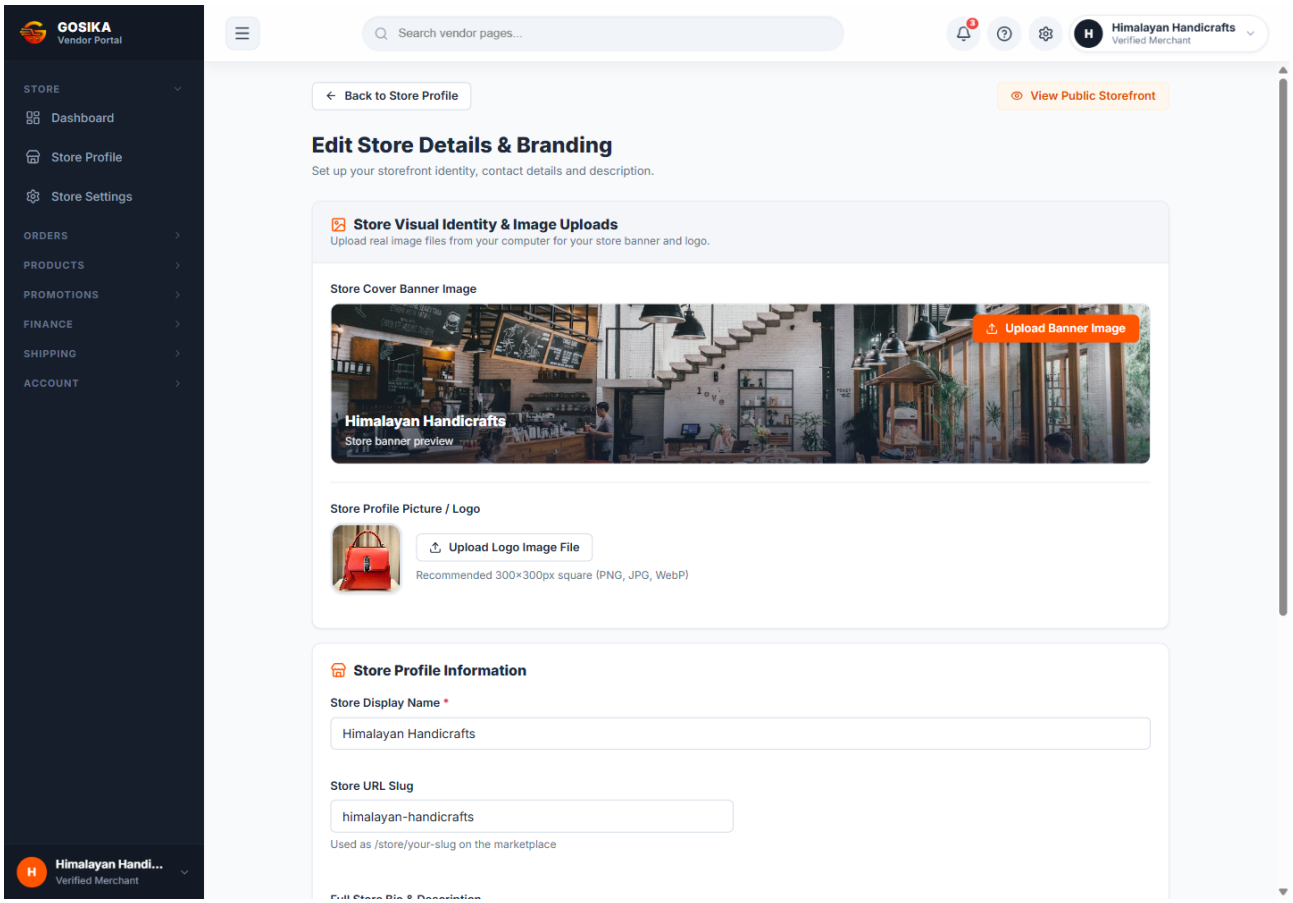

Figure: Store Edit Page

Step-by-step instructions:

1. Click 'Store Profile' in the STORE sidebar section.
2. Review your current store listing and brand presence.
3. Click 'Edit' to update the store name, description, logo, and cover banner.
4. Save your changes to update your marketplace storefront.

Expected Result:
Updated branding displays immediately to customers browsing your store on GOSIKA.

■ Ensure logo and banner images comply with GOSIKA image resolution standards.

2.3 Store Settings

Purpose:
Configure operational parameters including shipping methods, return windows, and store policies.

How to access:
Click 'Store Settings' in the sidebar or visit /vendor/store-settings

© 2026 GOSIKA Pvt. Ltd. Confidential.

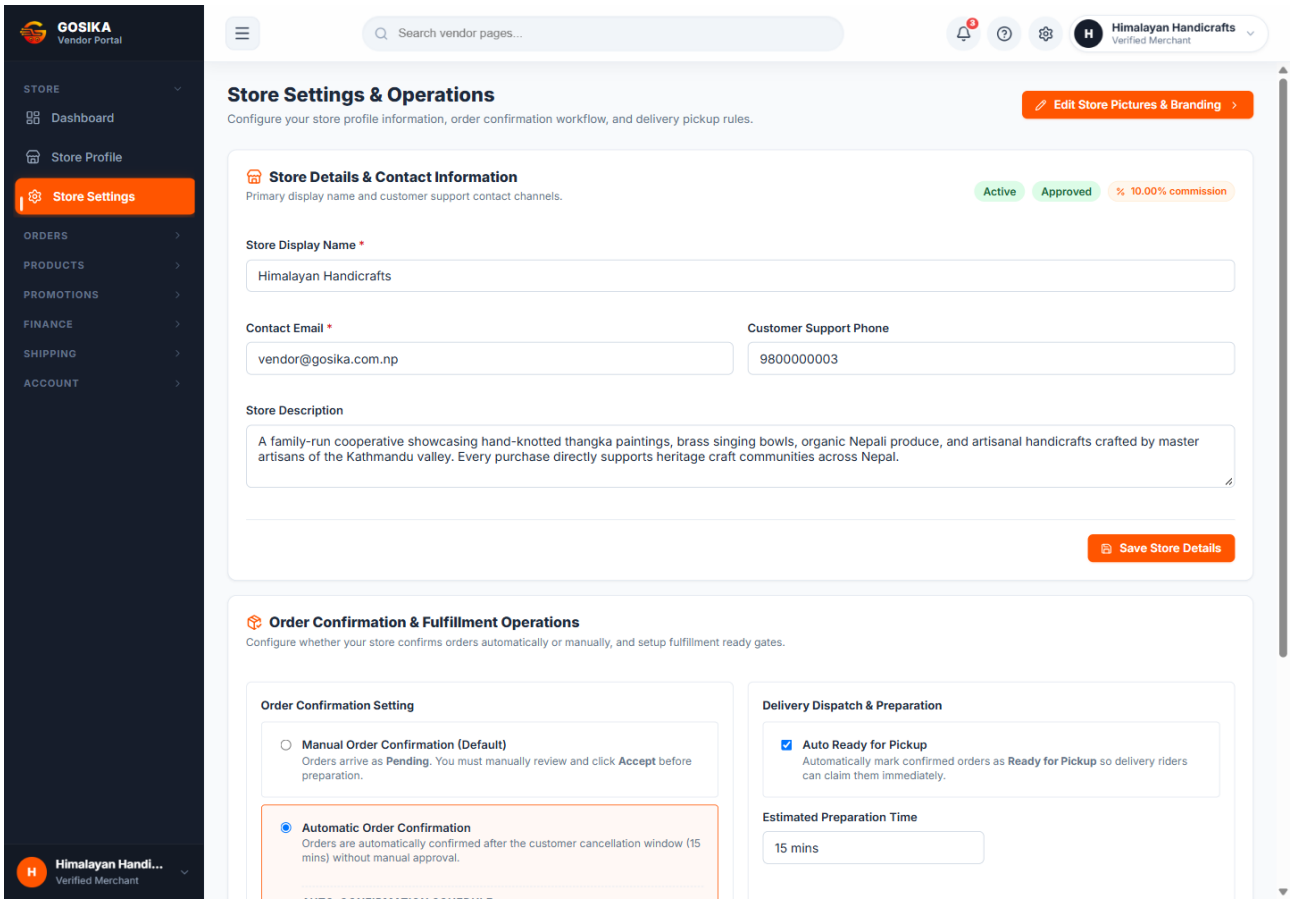

Figure: Store Settings

Step-by-step instructions:

1. Click 'Store Settings' in the STORE sidebar section.
2. Review return policies, packaging guidelines, and minimum order values.
3. Adjust toggle settings and click 'Save Changes'.

Expected Result:

Store operational policies are enforced across all customer transactions.

© 2026 GOSIKA Pvt. Ltd. Confidential.

Chapter 3: ORDERS

Fulfillment pipeline management: tracking customer orders from initial placement through preparation, dispatch, and returns handling.

3.1 All Orders

Purpose:
Comprehensive order registry with multi-status filtering, order searching, and date range filters.

How to access:
Click 'All Orders' in the sidebar or visit /vendor/orders

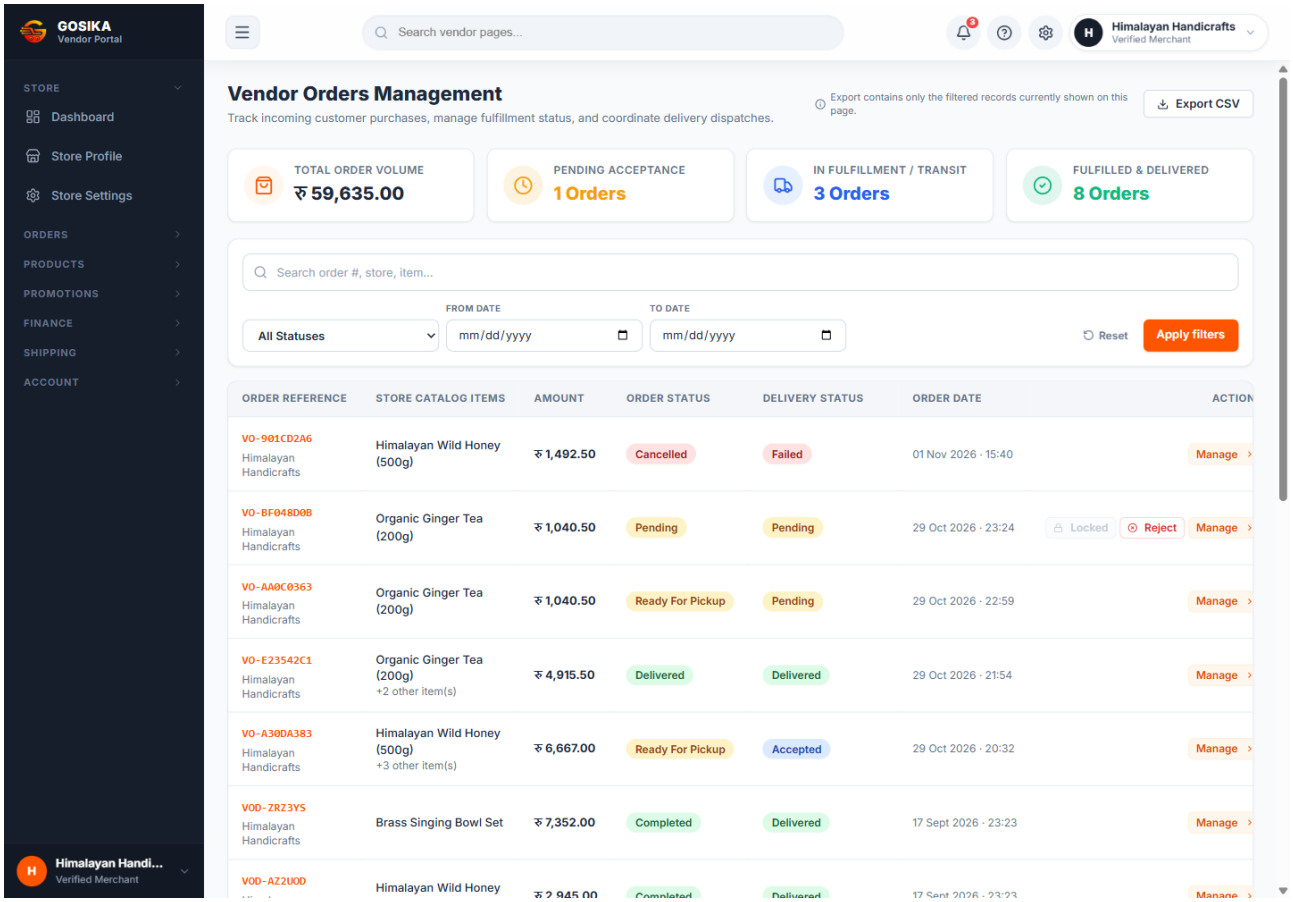

Figure: All Orders

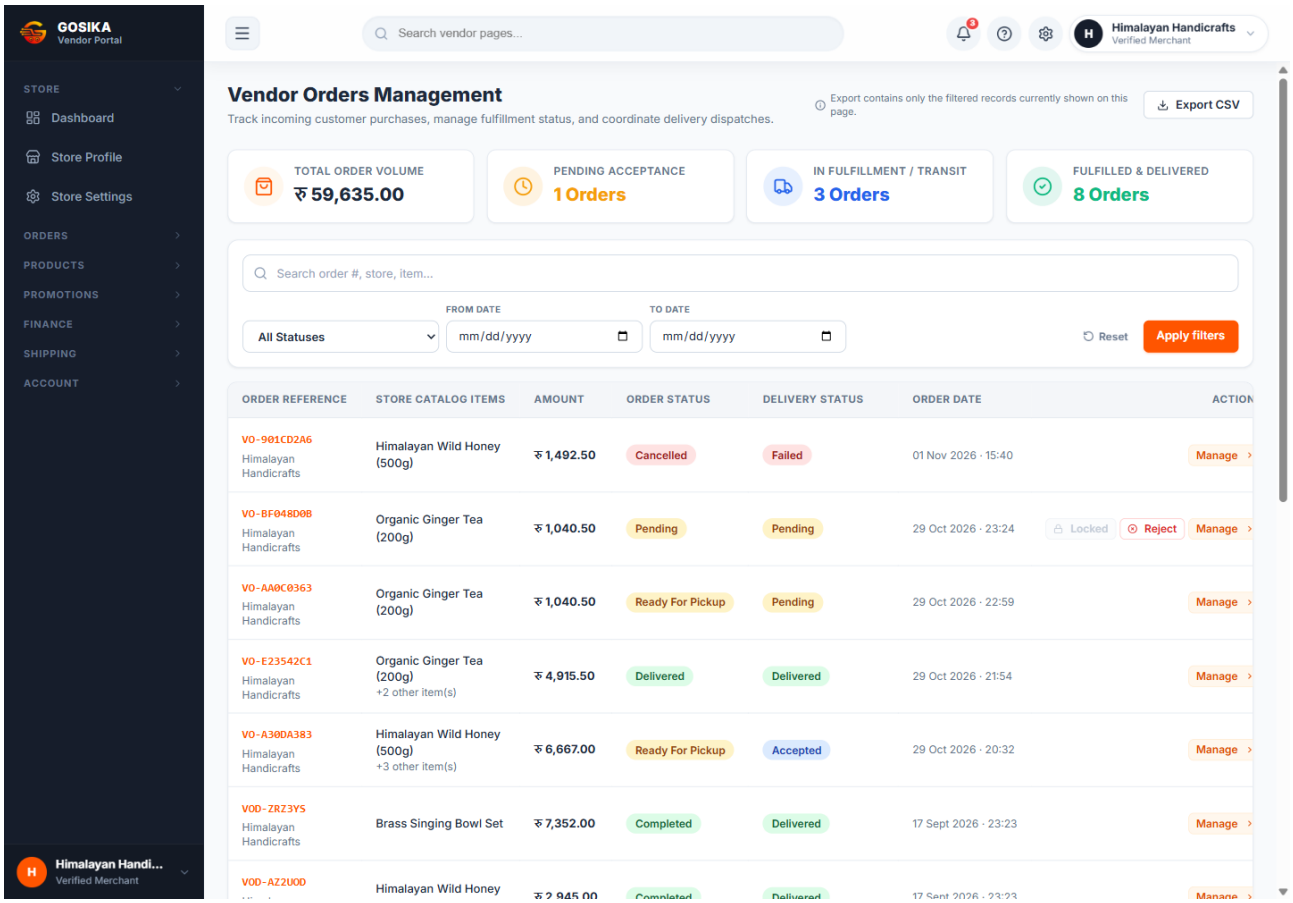

Figure: Order Search and Filters (viewport)

Step-by-step instructions:

1. Click 'All Orders' in the ORDERS sidebar section.
2. Search orders by customer name, order number, or tracking code.
3. Use status filter tabs to filter by Pending, Processing, Shipped, or Delivered.
4. Click any order record to open its detailed breakdown.

Expected Result:
Real-time list of all orders matching the chosen search criteria.

3.2 Order Details

Purpose:
Deep view of order items, quantities, customer shipping address, payment method, and dispatch timeline.

How to access:
Click any order row from All Orders or visit /vendor/orders/{id}

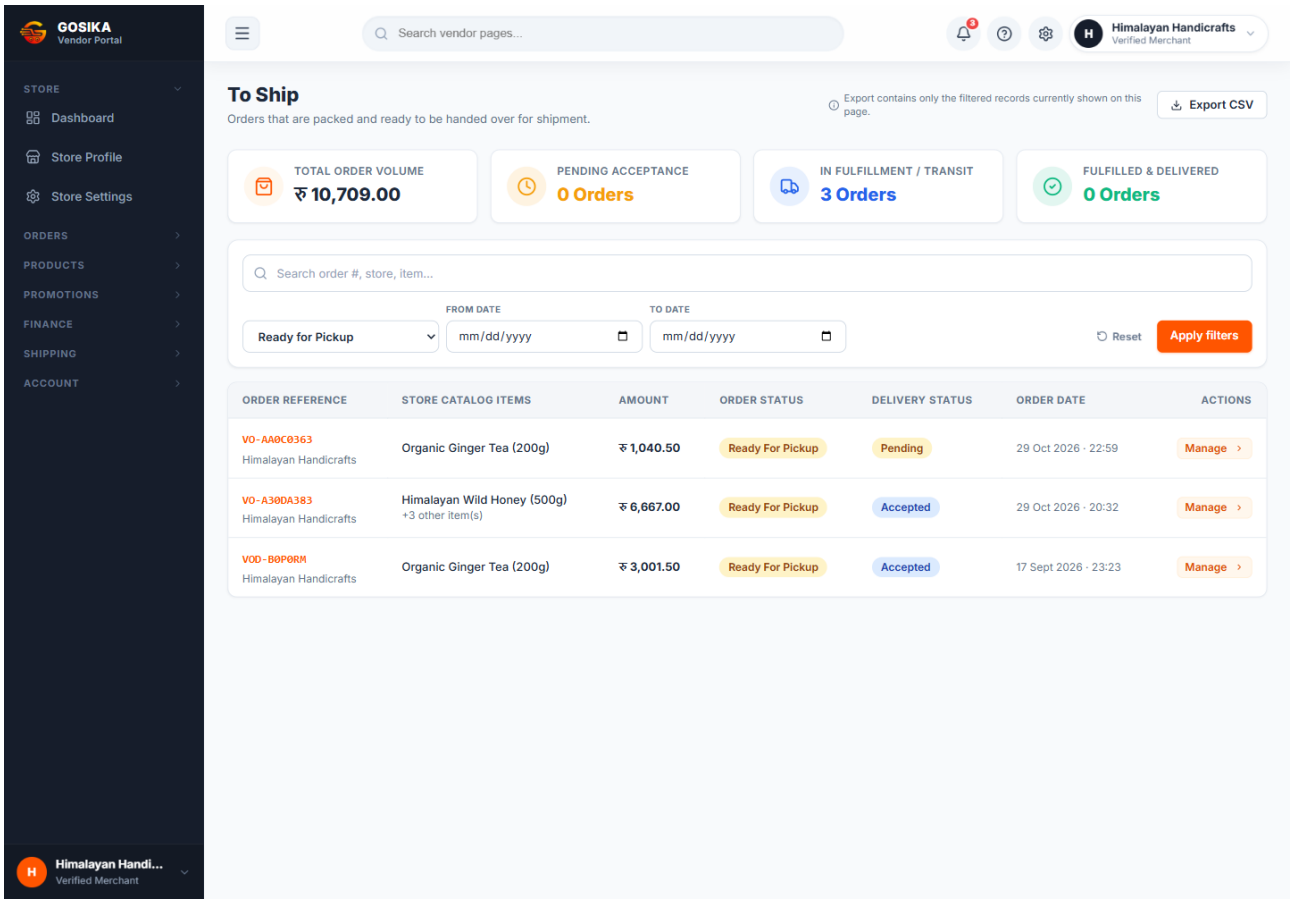

Figure: Order Detail Page

Step-by-step instructions:

1. Open an order row from the orders table.
2. Review ordered item SKUs, sizes, colors, and quantities.
3. Verify the delivery address and customer contact phone.
4. Execute safe state transitions (Confirm, Package, or Dispatch) when ready.

Expected Result:
Complete order specification and workflow action triggers.

■ Confirm an order only after checking that physical stock is ready for packing.

3.3 To Ship

Purpose:
Dedicated queue for confirmed orders that need packaging and courier pickup preparation.

How to access:
Click 'To Ship' in the sidebar or visit /vendor/orders/ready

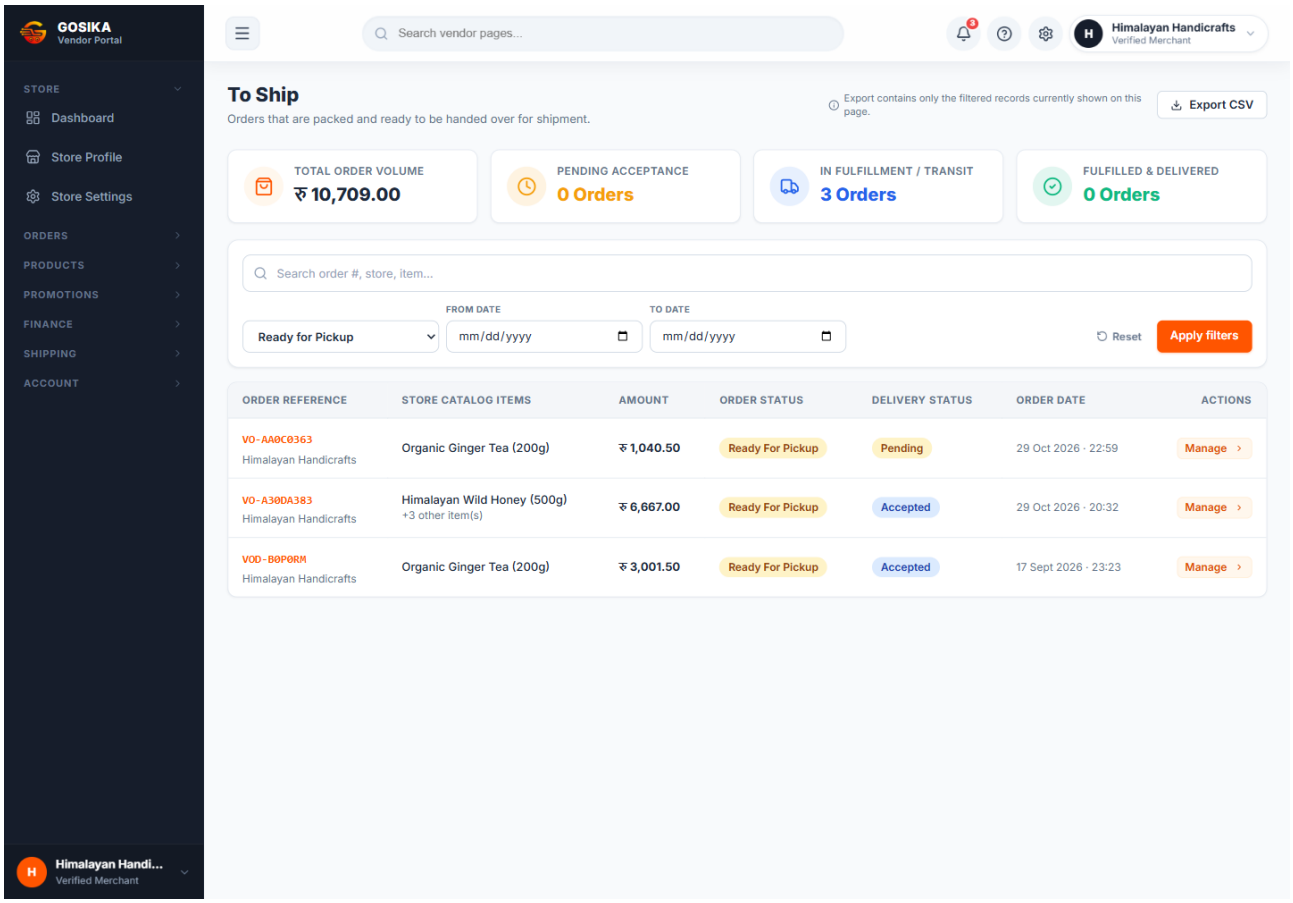

Figure: Orders – To Ship (URL)

Step-by-step instructions:

1. Click 'To Ship' in the ORDERS sidebar section.
2. Pick and pack the items corresponding to each ready order.
3. Affix the printed shipping label to the parcel.
4. Mark order as ready for handover to the GOSIKA delivery courier.

Expected Result:
Orders are queued for pickup and the delivery courier is dispatched.

■ Failing to dispatch within SLA targets may impact seller reliability ratings.

3.4 Shipped

Purpose:
Orders currently in transit with the delivery logistics network.

How to access:
Click 'Shipped' in the sidebar or visit /vendor/orders/shipped

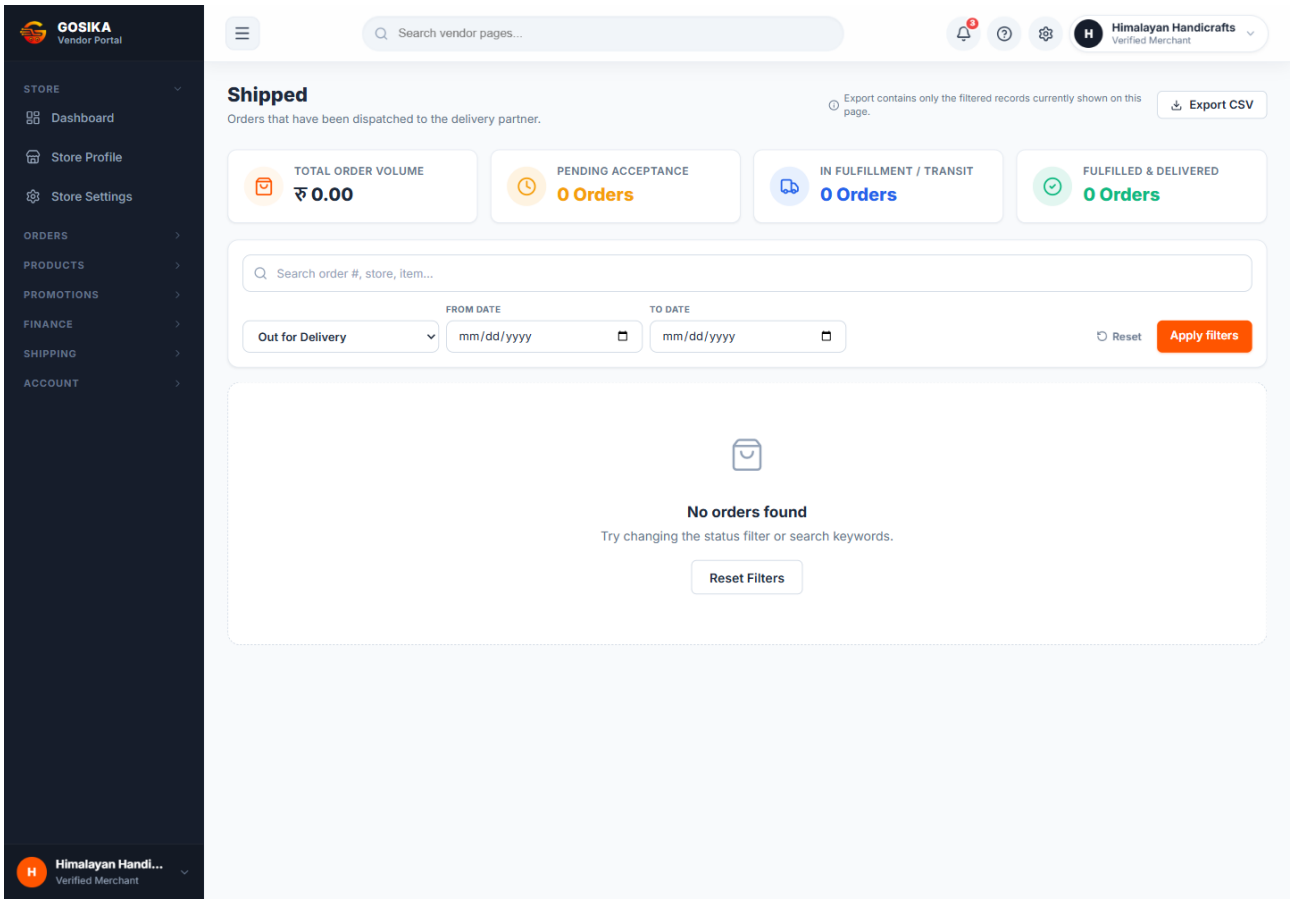

Figure: Orders – Shipped (URL)

Step-by-step instructions:

1. Click 'Shipped' in the ORDERS sidebar section.
2. Monitor ongoing delivery transit states and live carrier tracking status.

Expected Result:
Live visibility into parcels dispatched to customers.

3.5 Returns & Issues (9-Step Lifecycle)

Purpose:
Comprehensive return claims, product exchange requests, damage replacements, physical inspections, and refund resolutions.

How to access:
Click 'Returns & Issues' in the sidebar or visit /vendor/returns

© 2026 GOSIKA Pvt. Ltd. Confidential.

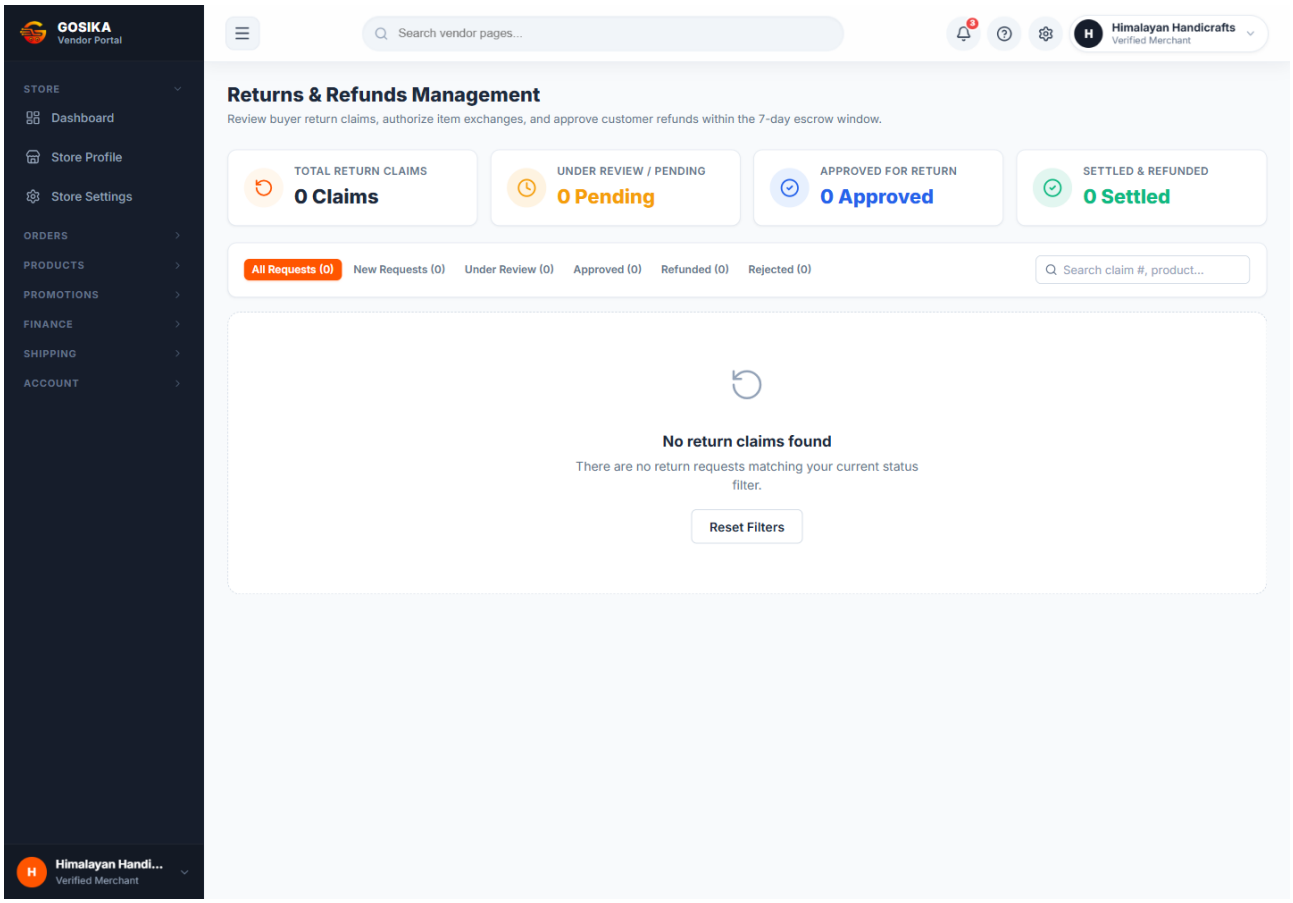

Figure: Returns and Issues

Step-by-step instructions:

1. 1. Customer Initiation: Customer selects delivered order in My Orders and clicks 'Return / Exchange / Refund'.
2. 2. Request Type Selection: Customer chooses Return & Refund, Exchange (alternate variant), or Replacement (damaged/defective).
3. 3. Claim Evidence: Customer selects standard reason, provides problem narrative, uploads photo/video evidence, and sets pickup preference.
4. 4. System Eligibility: System validates 7-day return policy window, eligible product categories, and statutory requirements.
5. 5. Seller & Admin Review: Navigate to /vendor/returns to audit customer claim and evidence; approve with pickup instructions or reject with formal reason. (Admin dispute mediation supported).
6. 6. Reverse Logistics: System generates unique RTN reference and assigns pickup task to delivery partner.
7. 7. Pickup & Physical Inspection: Delivery rider confirms collection; upon receipt, seller inspects item condition (good, defective, damaged, missing parts) and records findings with photos.
8. 8. Resolution Execution: Dispatches replacement unit for exchanges, or Admin releases monetary refund recording formal payment reference.
9. 9. Closure & Audit: Case transitions to completed/refunded status with full history visible to Customer, Seller, and Admin.

Expected Result:

Standardized, end-to-end audit-compliant return and exchange lifecycle with synchronized stock and wallet reconciliation.

■ Respond to customer return requests within 48 hours to maintain marketplace seller rating and prevent administrative escalation.

© 2026 GOSIKA Pvt. Ltd. Confidential.

■ Physical inspection records and photos are mandatory before dispatching replacements or approving refunds.

Chapter 4: PRODUCTS

Product catalogue management, new product creation, approval auditing, low-stock alerts, and customer reviews.

4.1 My Products

Purpose:
Master catalogue list of all vendor products with SKU, pricing, stock levels, and publish status.

How to access:
Click 'My Products' in the sidebar or visit /vendor/products

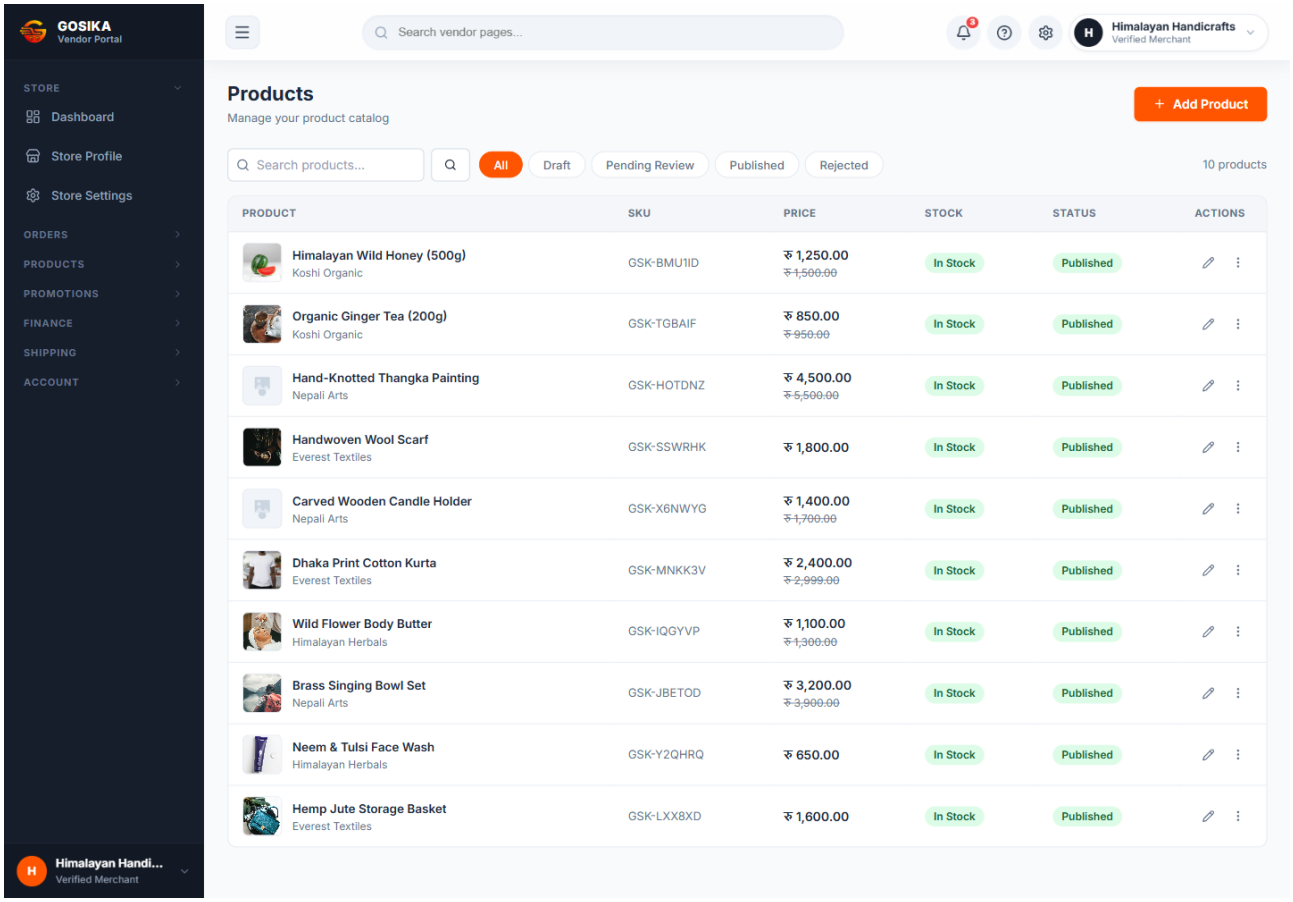

Figure: My Products – Product List

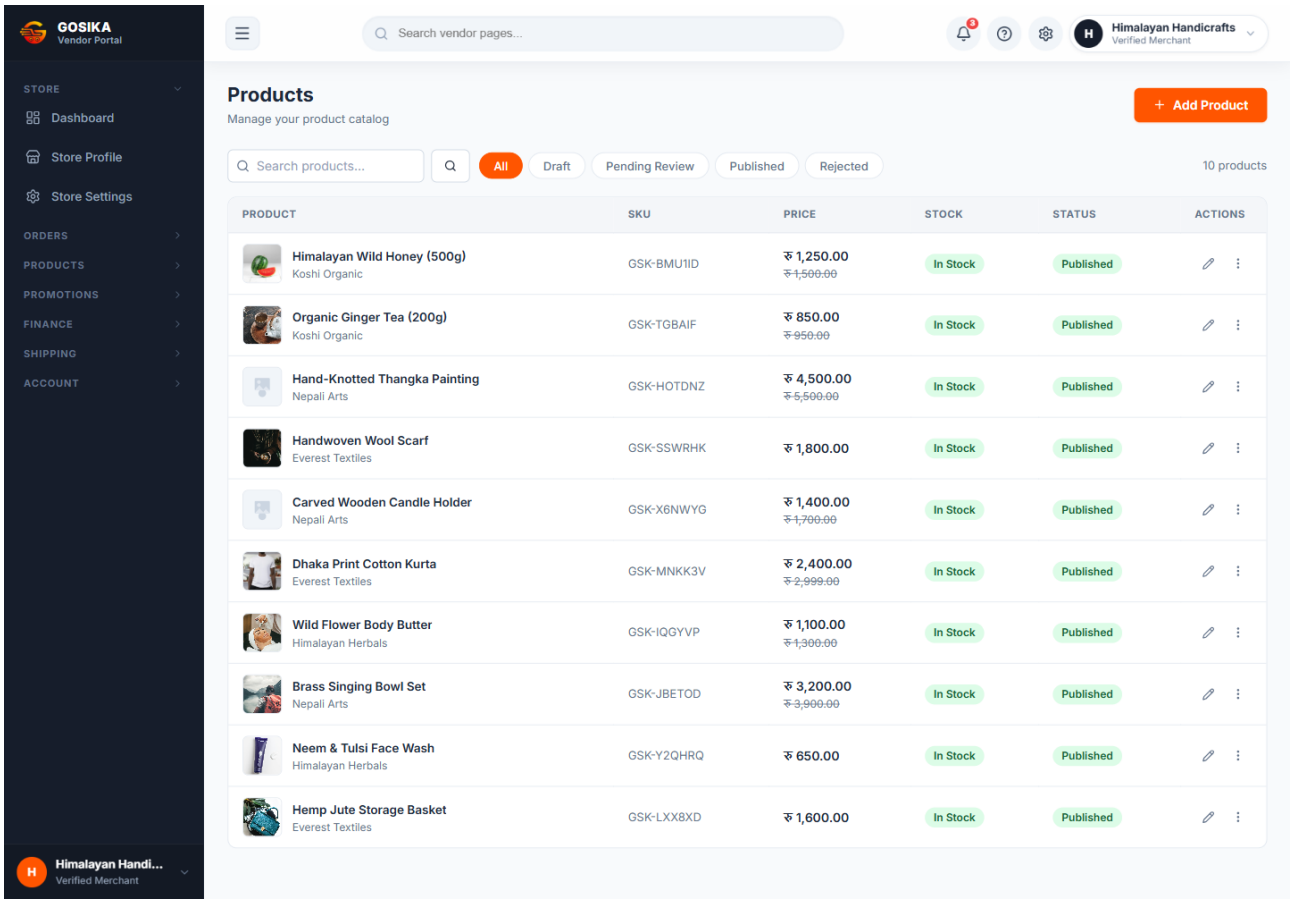

Figure: Product Search and Filters (viewport)

Step-by-step instructions:

1. Click 'My Products' in the PRODUCTS sidebar section.
2. Filter products by active status, category, or stock availability.
3. Search by SKU or product title.
4. Click the edit icon on any listing to modify details.

Expected Result:
Full catalogue management overview.

4.2 Add Product

Purpose:
Submit a new product listing with title, categories, media gallery, pricing, variants, and initial stock.

How to access:
Click 'Add Product' in the sidebar or visit /vendor/products/new

© 2026 GOSIKA Pvt. Ltd. Confidential.

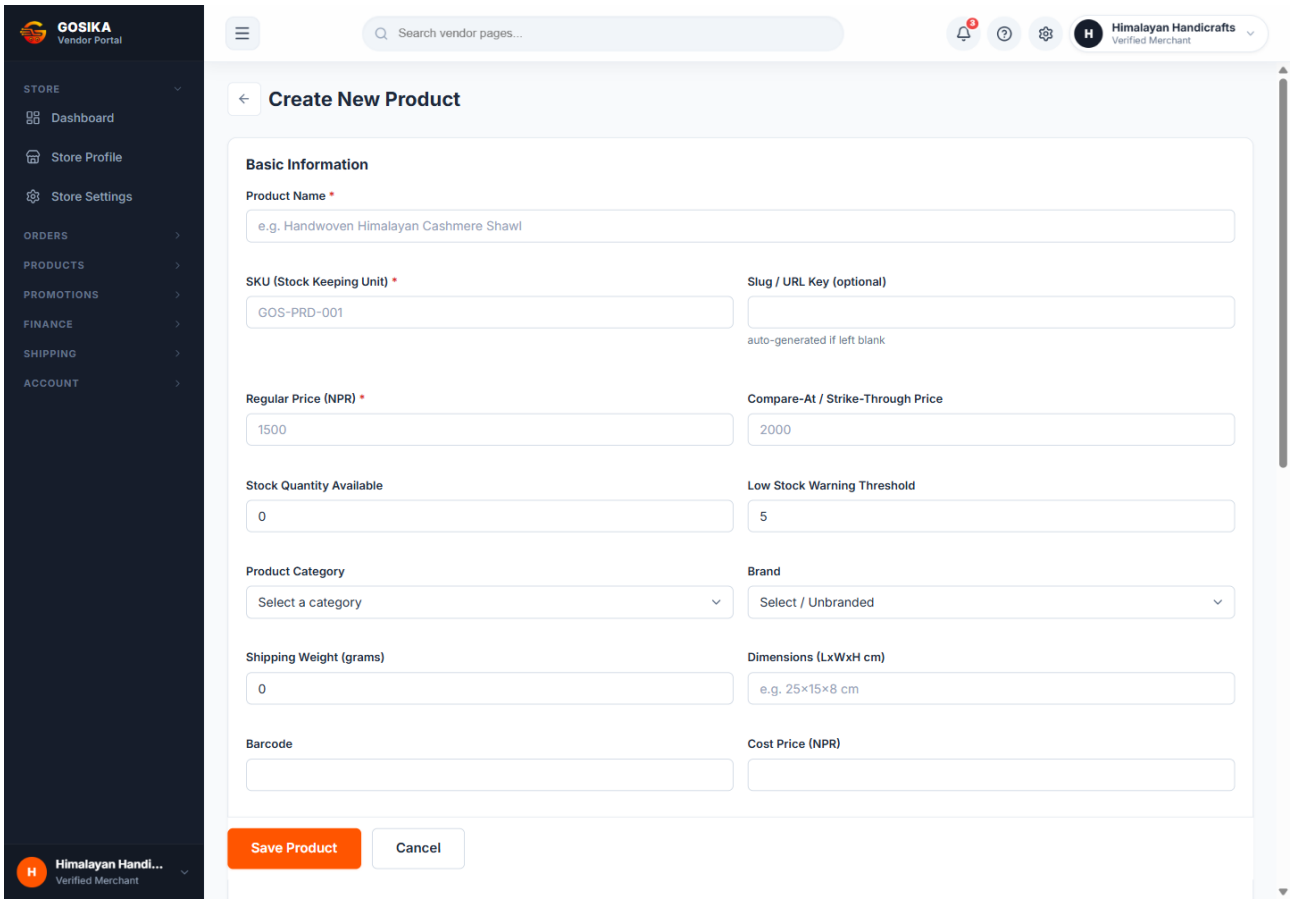

Figure: Add Product – Form Top

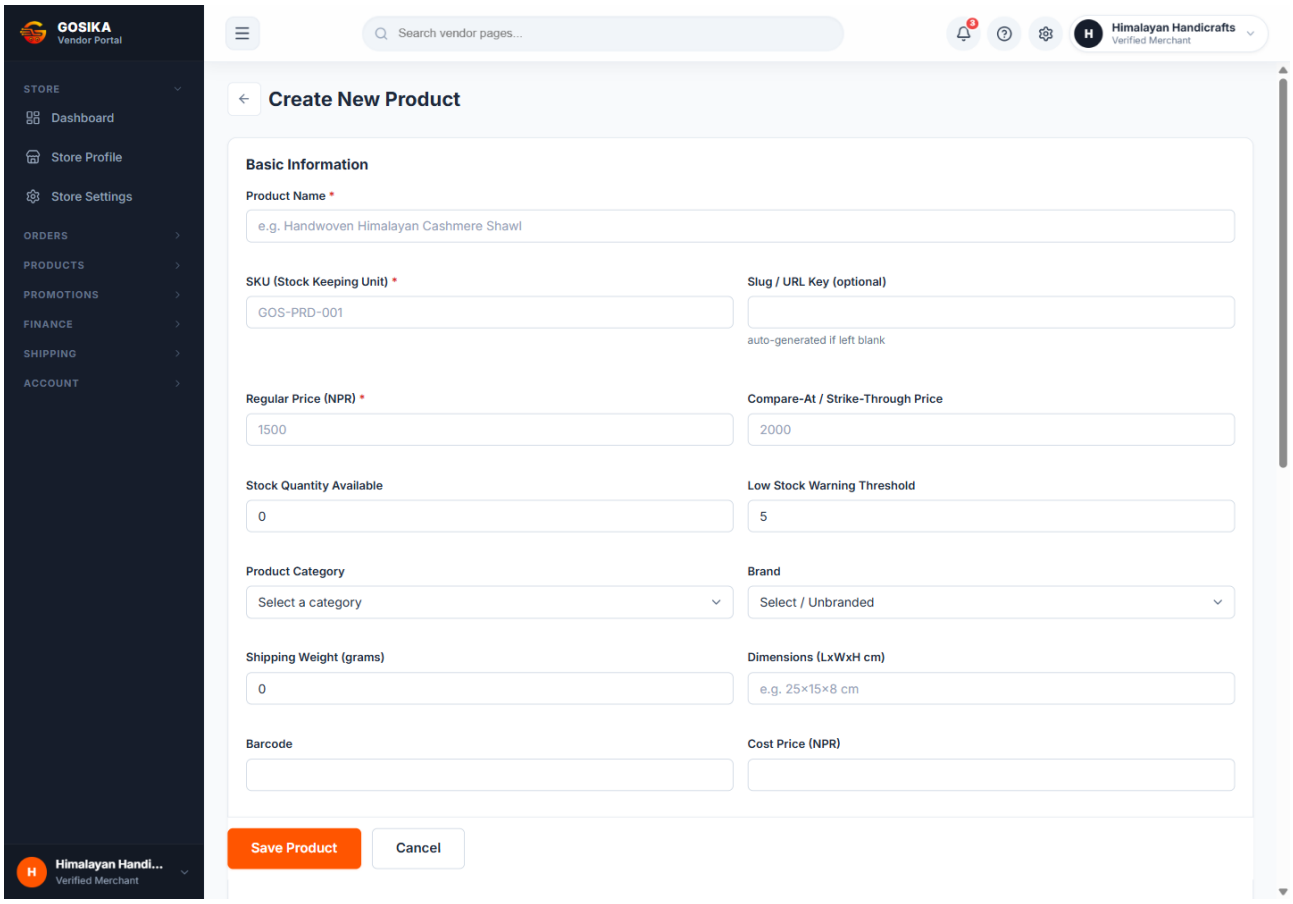

Figure: Add Product – Form Middle

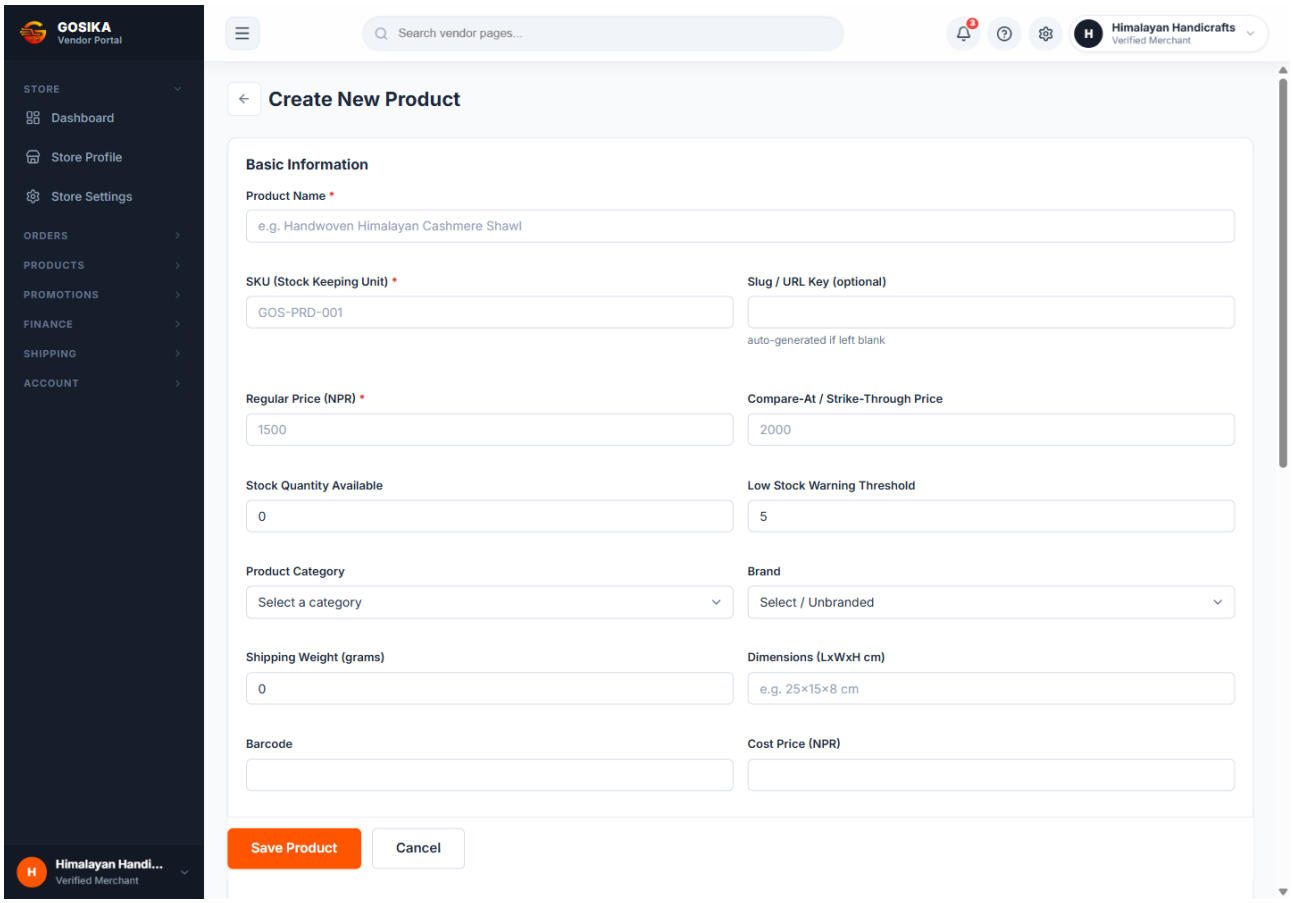

Figure: Add Product – Form Bottom / Save Controls

Step-by-step instructions:

1. Click 'Add Product' in the PRODUCTS sidebar section.
2. Fill in the Product Title, Brand, and Primary Category.
3. Upload high-resolution product photography (white background recommended).
4. Enter regular price, discount price, SKU, and barcode.
5. Configure variants (sizes, colors, materials) if applicable.
6. Click 'Submit for Approval'.

Expected Result:
The product is submitted into the admin review queue.

■ All newly added products must be reviewed and approved by GOSIKA administrators before going live.

4.3 Edit Product

Purpose:
Update existing product specifications, pricing adjustments, or gallery images.

How to access:
Click Edit on any product row in My Products or visit /vendor/products/{id}/edit

© 2026 GOSIKA Pvt. Ltd. Confidential.

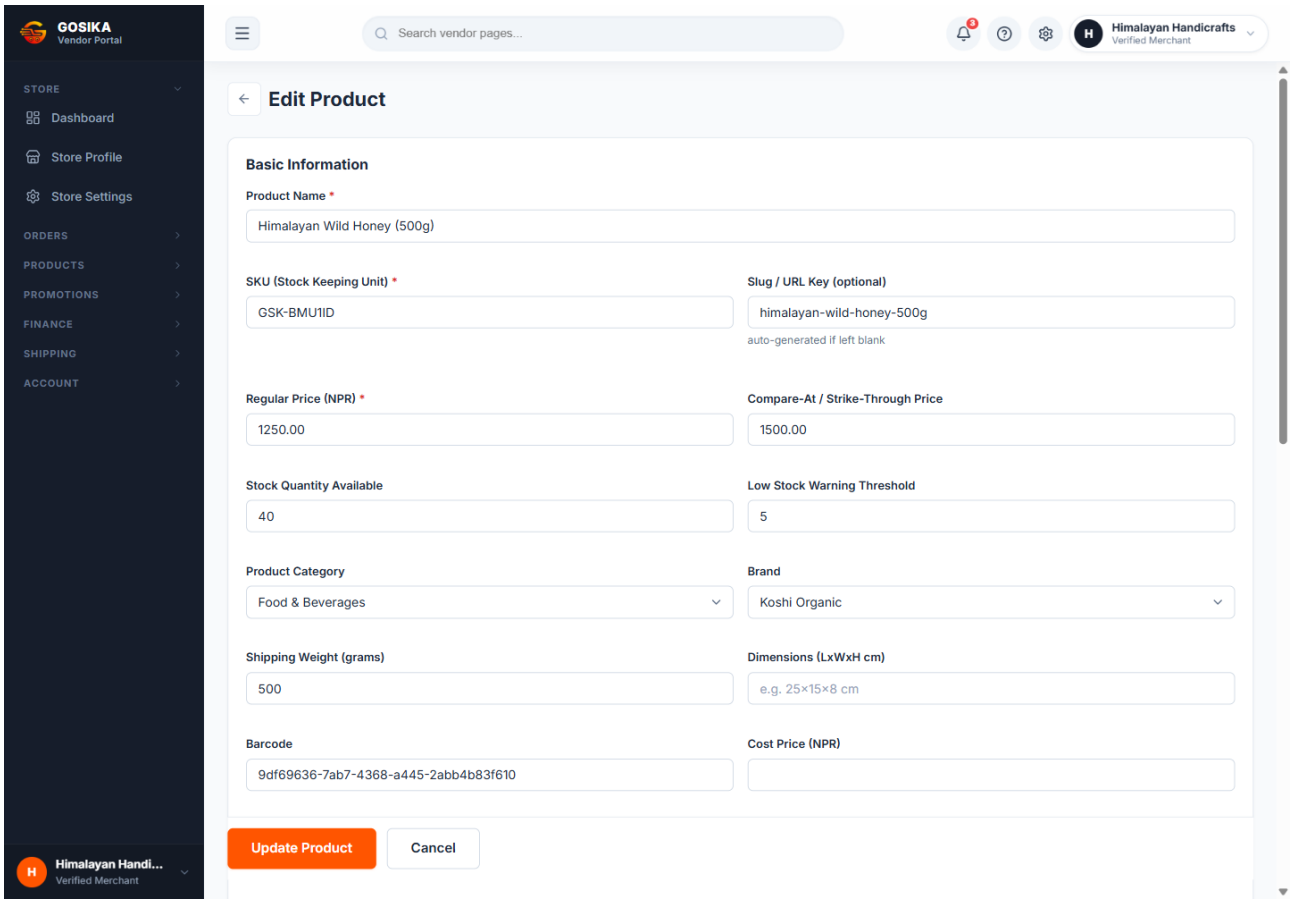

Figure: Edit Product Page

Step-by-step instructions:

1. Locate the product you want to modify in My Products.
2. Click the Edit button (pencil icon).
3. Make the necessary updates to description, pricing, or media.
4. Click 'Save Changes'.

Expected Result:
Product specifications are updated.

■ Major price or description changes may trigger a brief administrative re-review.

4.4 Approval Status

Purpose:
Audit product moderation states (Pending, Approved, Rejected) and read administrator review feedback.

How to access:
Click 'Approval Status' in the sidebar or visit /vendor/products/approval

© 2026 GOSIKA Pvt. Ltd. Confidential.

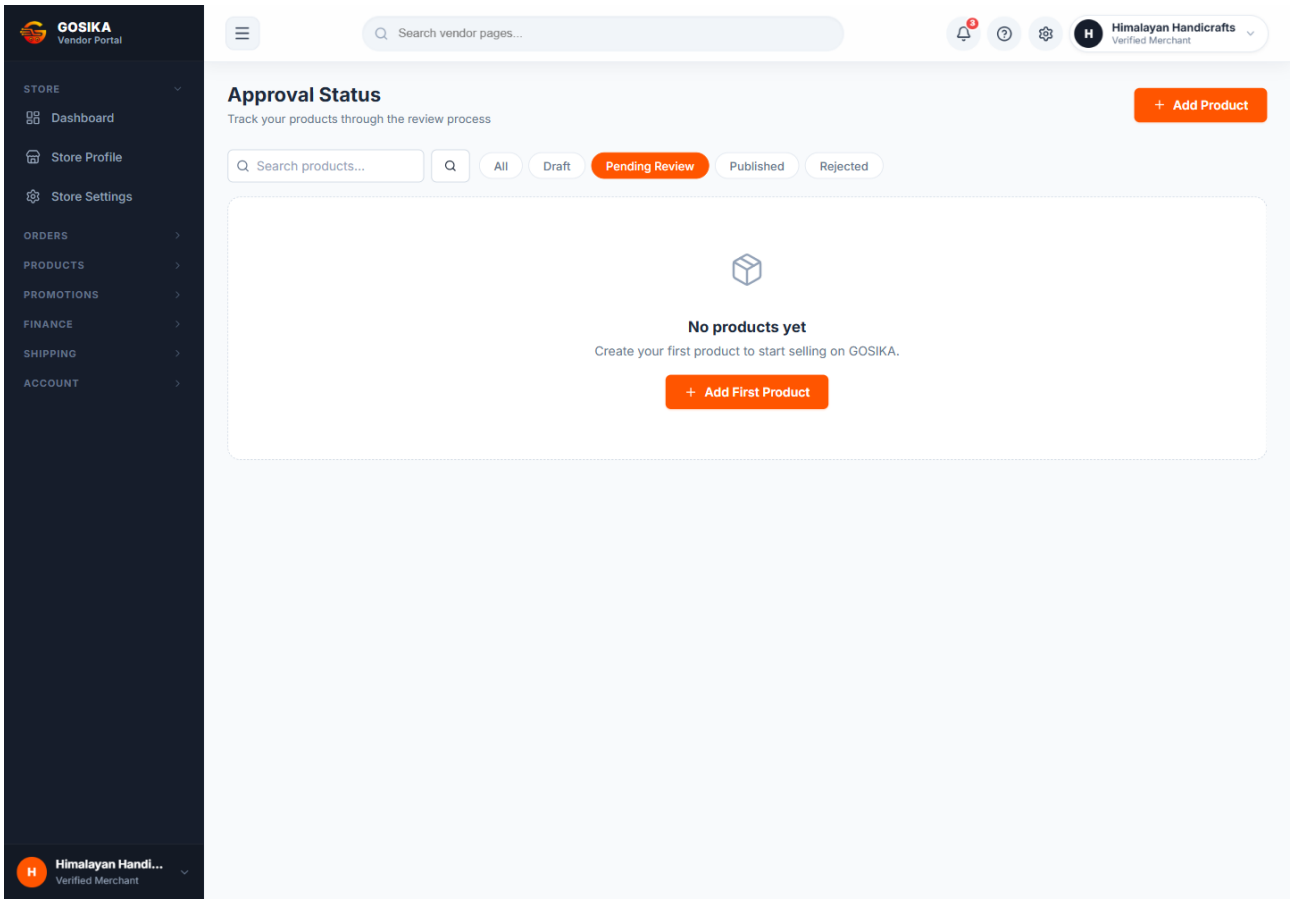

Figure: Product Approval Status View

Step-by-step instructions:

1. Click 'Approval Status' in the PRODUCTS sidebar section.
2. Review listings that are Pending Administrative Review.
3. If a product was Rejected, read the reviewer notes to see what corrections are required.

Expected Result:
Clear visibility into catalogue approval progress.

4.5 Low Stock

Purpose:
Dedicated inventory replenishment screen highlighting products near or at zero stock.

How to access:
Click 'Low Stock' in the sidebar or visit /vendor/inventory/low-stock

© 2026 GOSIKA Pvt. Ltd. Confidential.

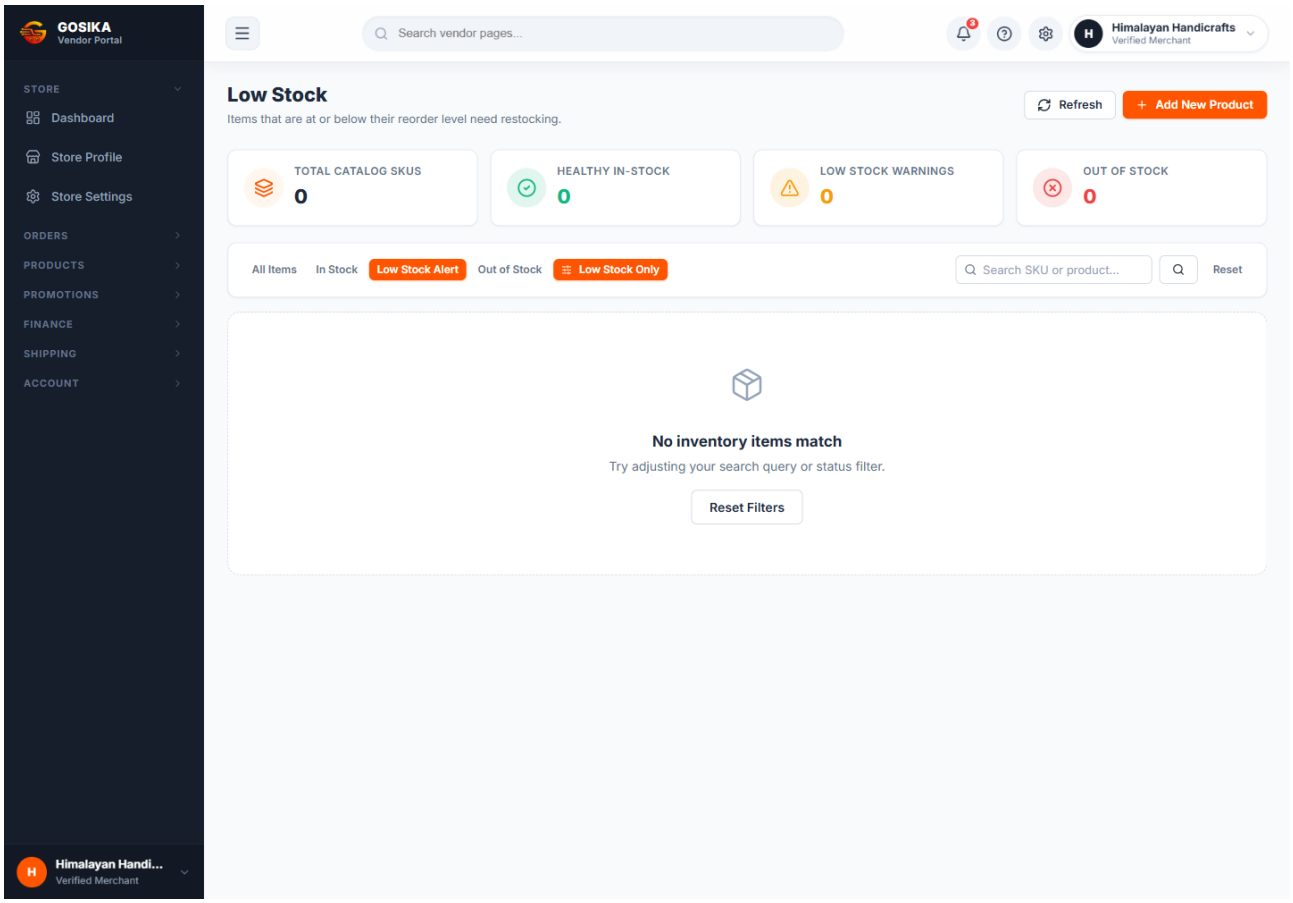

Figure: Inventory – Low Stock View

Step-by-step instructions:

1. Click 'Low Stock' in the PRODUCTS sidebar section.
2. Identify items that have reached their minimum inventory threshold.
3. Update stock quantities directly to restore product availability.

Expected Result:
Fast prevention of stockouts and loss of marketplace visibility.

■ Products with 0 stock are automatically flagged as Out of Stock on the public storefront.

4.6 Reviews & Q&A;

Purpose:
Monitor customer star ratings, read written reviews, and respond directly to customer pre-purchase inquiries.

How to access:
Click 'Reviews & Q&A;' in the sidebar or visit /vendor/reviews

© 2026 GOSIKA Pvt. Ltd. Confidential.

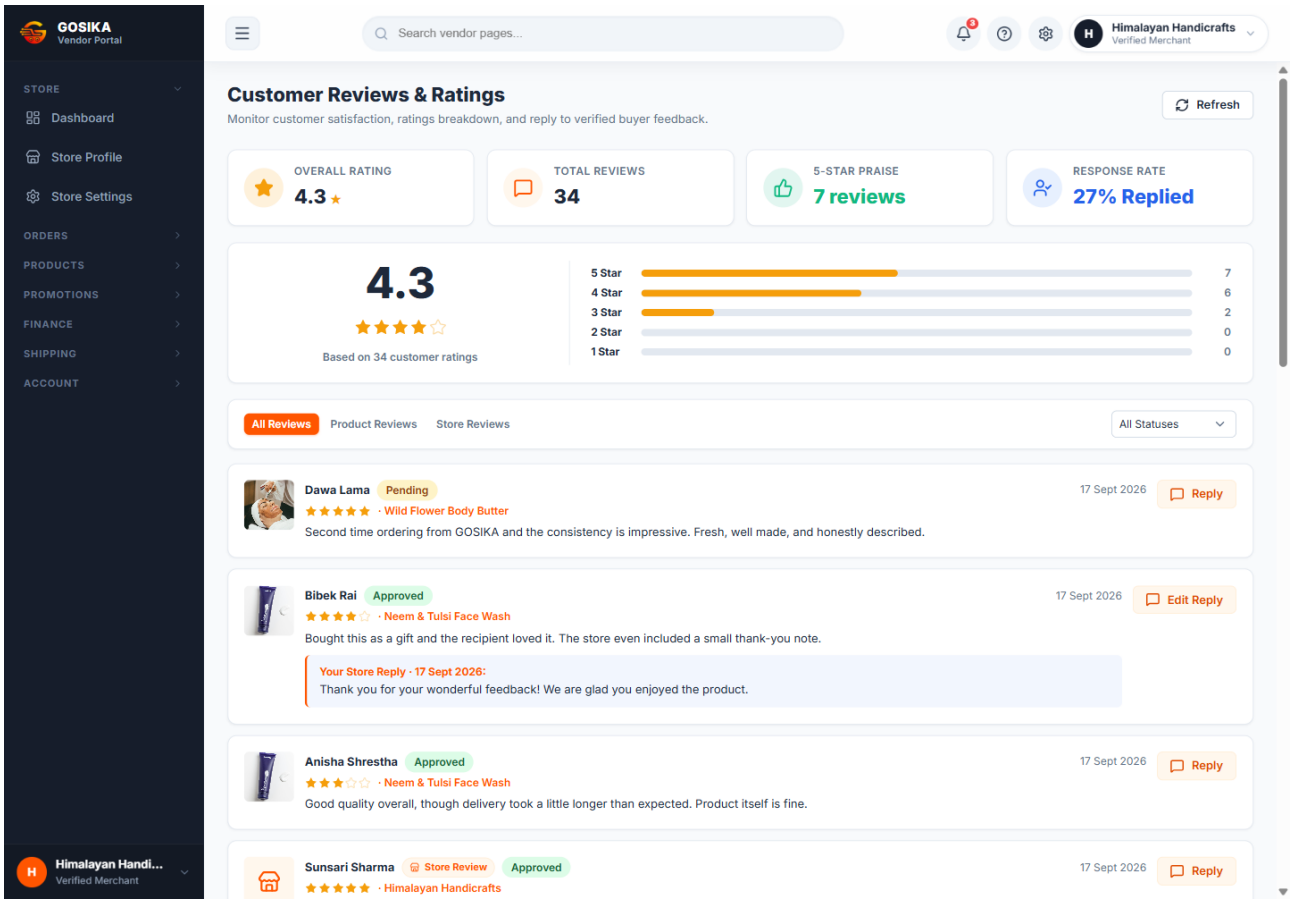

Figure: Reviews and Q&A;

Step-by-step instructions:

1. Click 'Reviews & Q&A;' in the PRODUCTS sidebar section.
2. Review star ratings and feedback left by verified buyers.
3. Answer open questions submitted by prospective buyers on your listings.

Expected Result:

Strengthened customer trust and improved conversion rates.

■ Maintain a professional, polite tone in all public replies.

© 2026 GOSIKA Pvt. Ltd. Confidential.

Chapter 5: PROMOTIONS

Store growth tools: participation in marketplace-wide sales events and creation of custom voucher codes.

5.1 Campaigns

Purpose:
Join official GOSIKA seasonal promotions, mega sales (e.g., Dashain Festival Sales), and banner features.

How to access:
Click 'Campaigns' in the sidebar or visit /vendor/promotions

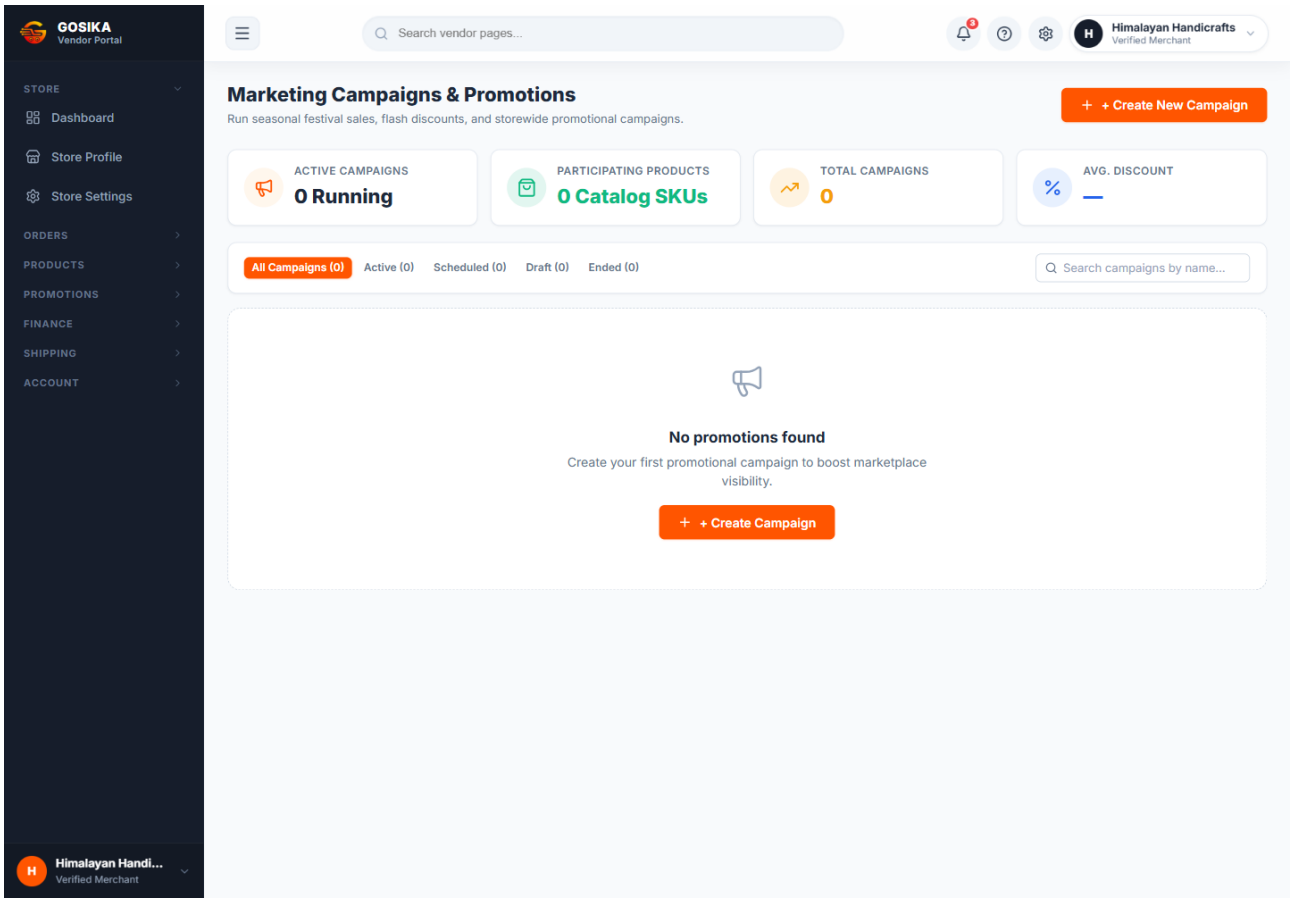

Figure: Promotions and Campaigns

Step-by-step instructions:

1. Click 'Campaigns' in the PROMOTIONS sidebar section.
2. Browse active and upcoming marketplace campaigns.
3. Select participating products and commit required discount percentages.
4. Submit enrollment for marketing team inclusion.

Expected Result:
Eligible products receive promotional badges and featured homepage placement.

■ Ensure sufficient inventory is allocated before joining high-volume campaigns.

5.2 Vouchers

Purpose:
Create seller-funded discount vouchers and coupons for your storefront.

How to access:
Click 'Vouchers' in the sidebar or visit /vendor/coupons

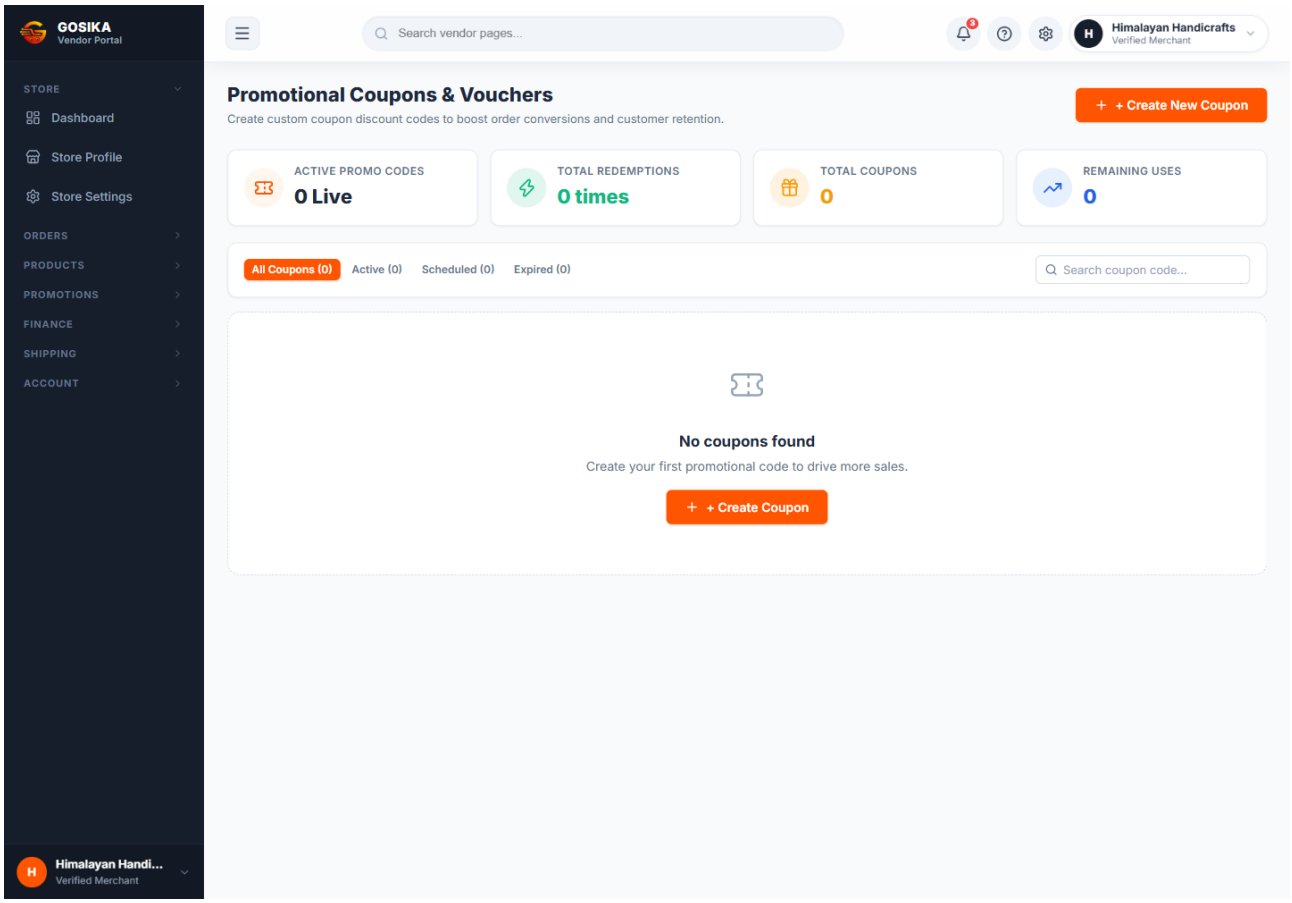

Figure: Coupons and Vouchers

Step-by-step instructions:

1. Click 'Vouchers' in the PROMOTIONS sidebar section.
2. Click 'Create Voucher' to generate a promo code.
3. Specify discount value (Percentage or Fixed NPR), minimum spend, and validity period.
4. Activate the voucher.

Expected Result:
Customers can apply the coupon code at checkout for immediate discounts.

© 2026 GOSIKA Pvt. Ltd. Confidential.

Chapter 6: FINANCE

Financial ledger management: wallet balances, withdrawal payouts, and settlement calculation sheets.

6.1 Wallet

Purpose:
Real-time balance tracking, pending balance clearance, and financial overview.

How to access:
Click 'Wallet' in the sidebar or visit /vendor/wallet

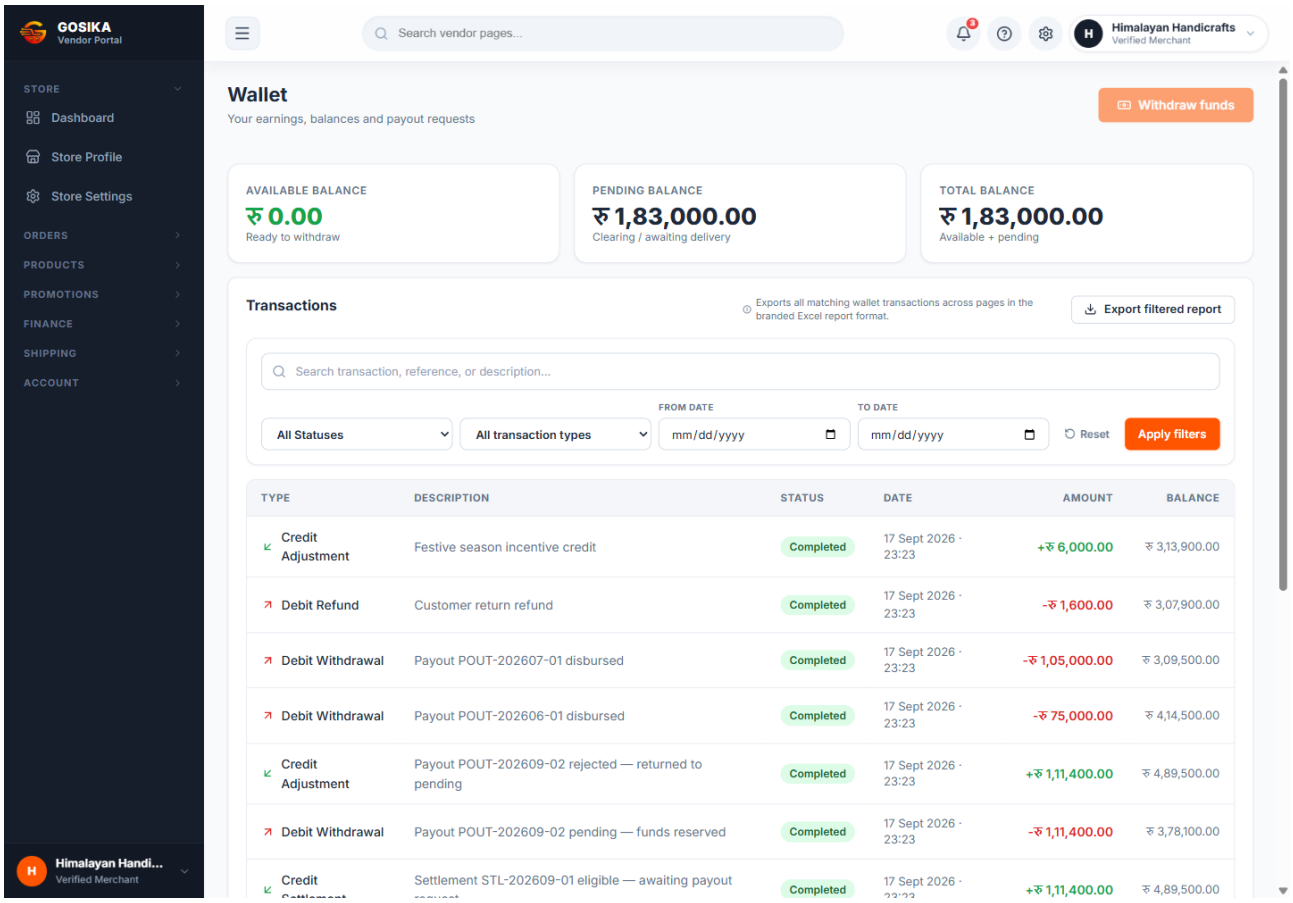

Figure: Wallet Overview

Step-by-step instructions:

1. Click 'Wallet' in the FINANCE sidebar section.
2. View Available Withdrawable Balance and Escrow/Pending Balance.
3. Review overall lifetime earnings.

Expected Result:
Transparent visibility into your store liquidity.

■ Funds remain in pending status until the customer return window closes.

6.2 Payouts

Purpose:
Request direct bank wire withdrawals of cleared wallet earnings and view historical disbursements.

How to access:
Click 'Payouts' in the sidebar or visit /vendor/payouts

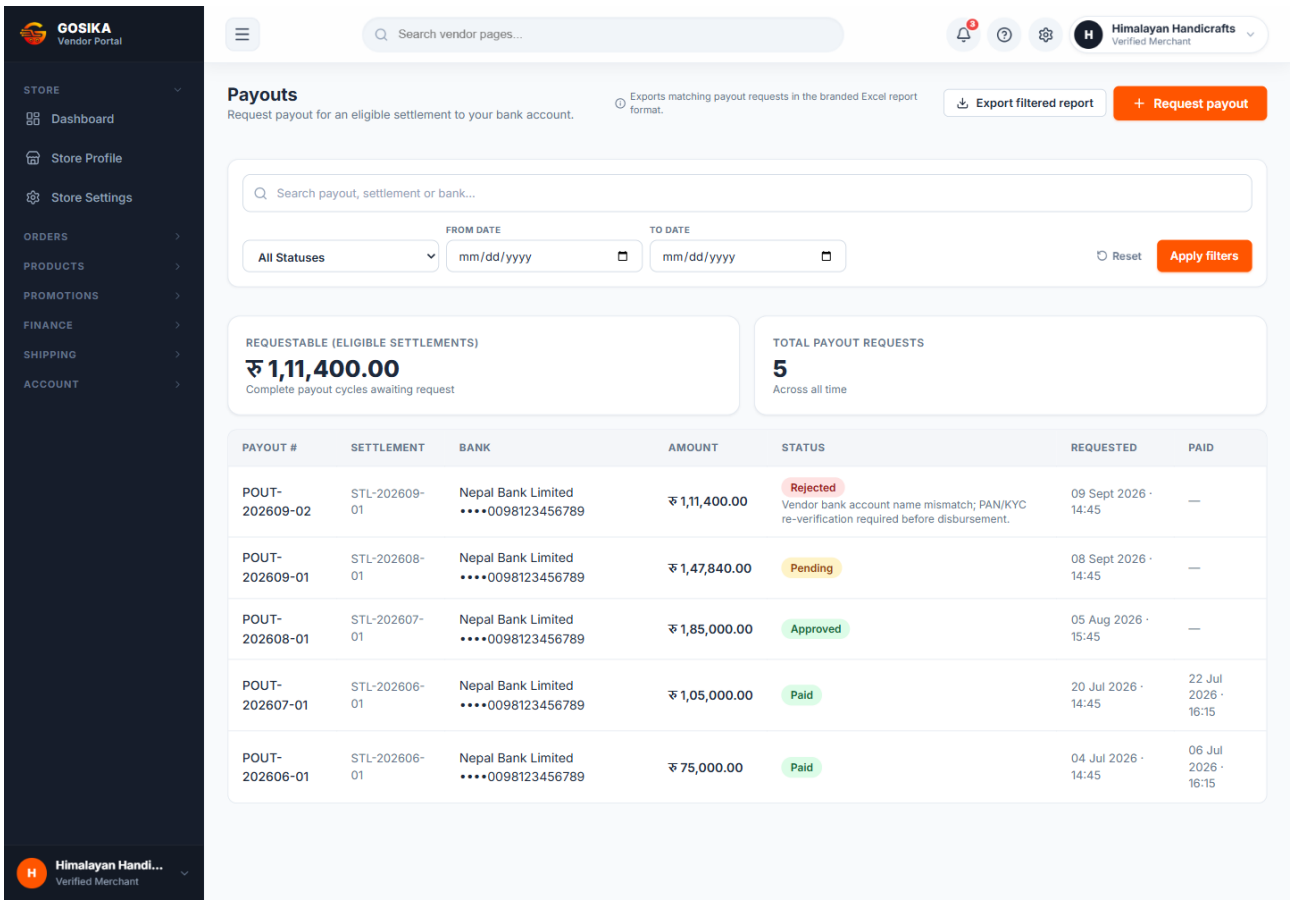

Figure: Payouts

Step-by-step instructions:

1. Click 'Payouts' in the FINANCE sidebar section.
2. Verify your available balance meets the minimum payout threshold.
3. Click 'Request Payout' and select your verified destination bank account.
4. Confirm the withdrawal amount.

Expected Result:
Payout request is queued for processing per the GOSIKA banking schedule.

■ Payouts are only dispatched to bank accounts that have passed identity verification.

6.3 Settlements

Purpose:
Itemized settlement reconciliation statements showing gross sales, marketplace commission, and net pay.

How to access:
Click 'Settlements' in the sidebar or visit /vendor/settlements

© 2026 GOSIKA Pvt. Ltd. Confidential.

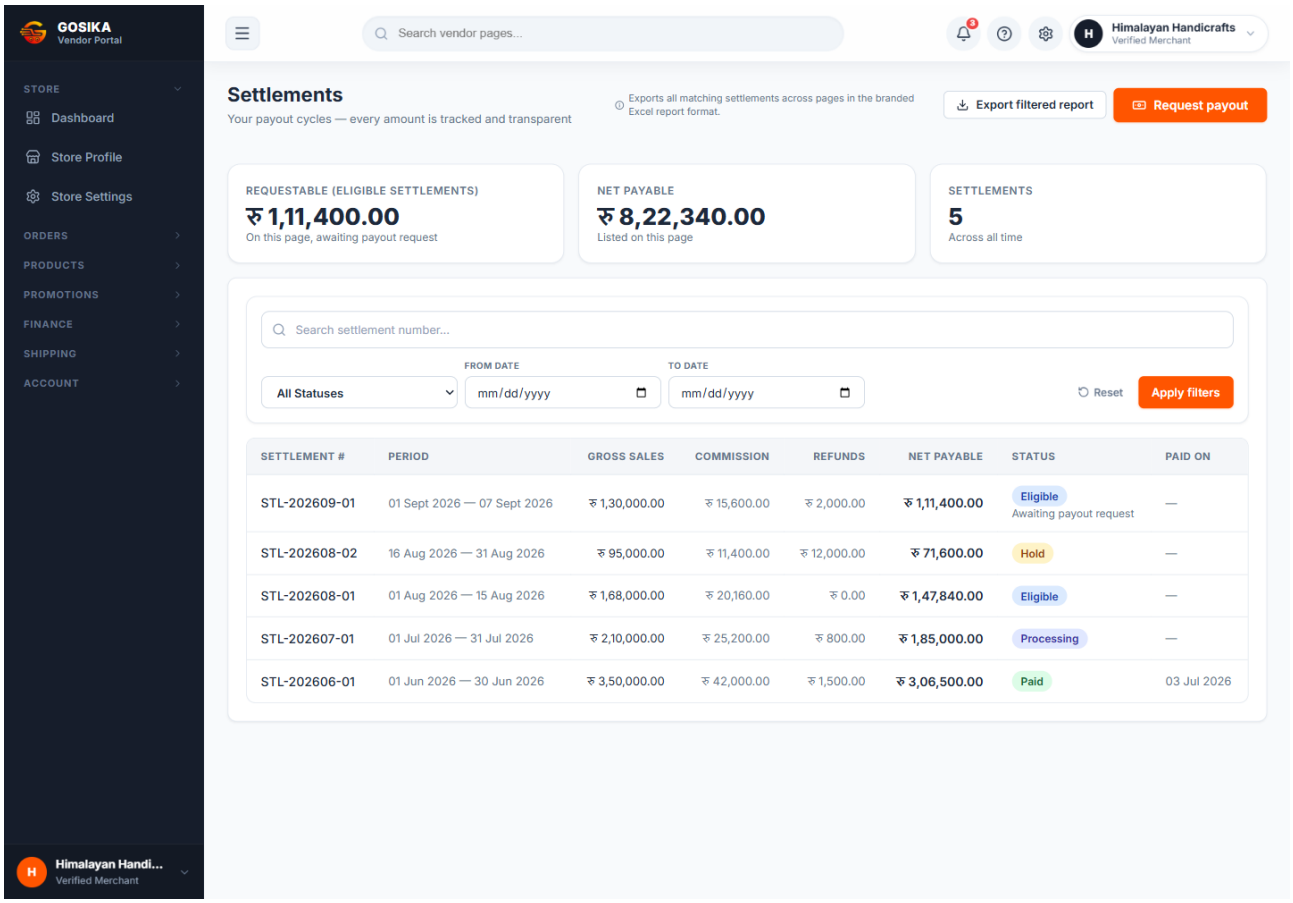

Figure: Settlements

Step-by-step instructions:

1. Click 'Settlements' in the FINANCE sidebar section.
2. Select a settlement cycle period.
3. Examine line-by-line order revenue deductions, platform fees, and net disbursement totals.
4. Download the settlement sheet for accounting records.

Expected Result:
Auditable accounting breakdown for all store disbursements.

© 2026 GOSIKA Pvt. Ltd. Confidential.

Chapter 7: SHIPPING

Logistics operations: warehouse pickup locations and shipping label generation for outbound packages.

7.1 Pickup Locations

Purpose:
Register and manage physical warehouse or shop addresses where couriers collect packed parcels.

How to access:
Click 'Pickup Locations' in the sidebar or visit /vendor/shipping

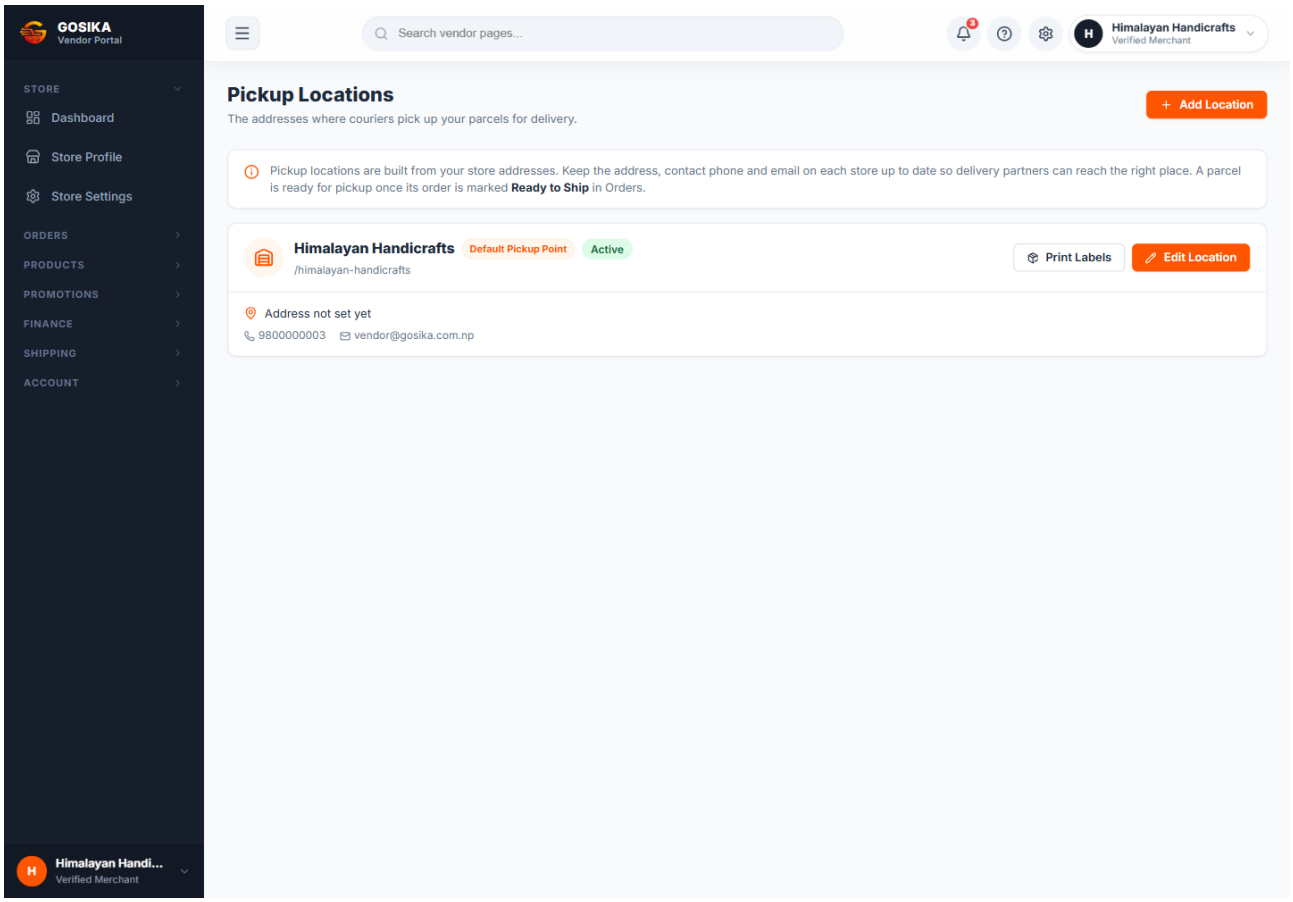

Figure: Pickup Locations / Shipping Setup

Step-by-step instructions:

1. Click 'Pickup Locations' in the SHIPPING sidebar section.
2. Review registered dispatch hubs.
3. Click 'Add Location' to configure a new pickup address with contact person and phone number.
4. Set your primary default pickup address.

Expected Result:
GOSIKA delivery couriers route directly to your designated warehouse for pickups.

■ Provide exact landmark details and active contact numbers for pickup drivers.

7.2 Shipping Labels

© 2026 GOSIKA Pvt. Ltd. Confidential.

Purpose:
Bulk print barcode labels and packing slips for orders scheduled for courier pickup.

How to access:
Click 'Shipping Labels' in the sidebar or visit /vendor/shipping/labels

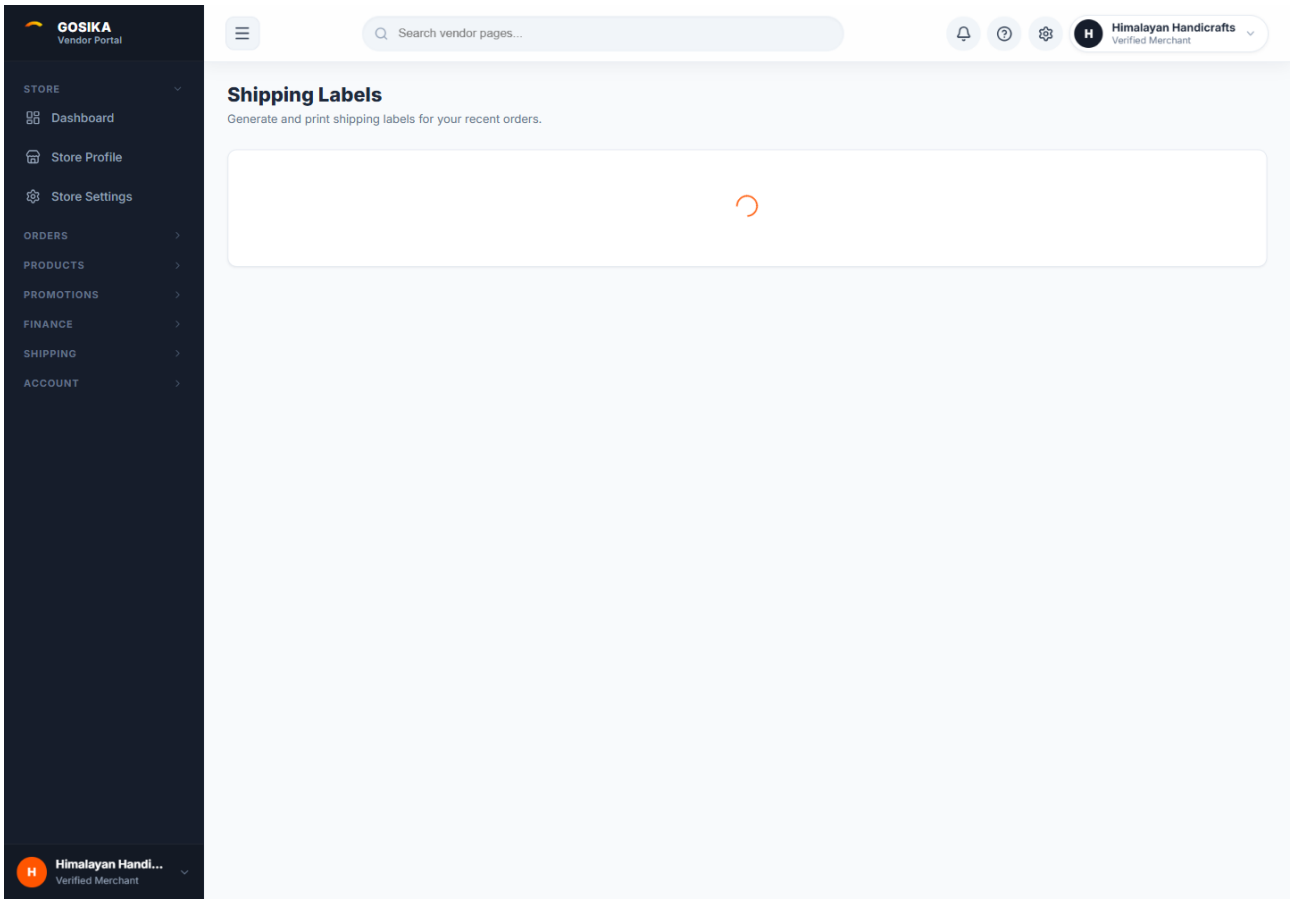

Figure: Shipping Labels

Step-by-step instructions:

1. Click 'Shipping Labels' in the SHIPPING sidebar section.
2. Select the orders ready for parcel dispatch.
3. Click 'Generate Labels' to render print-ready PDF shipping barcodes.
4. Print labels and tape securely to the exterior parcel package.

Expected Result:
Standardized scannable waybills for error-free courier transit.

■ Ensure the barcode is flat and unscratched for scanner readability.

© 2026 GOSIKA Pvt. Ltd. Confidential.

Chapter 8: ACCOUNT

Vendor profile settings, security management, KYC verification, bank account records, notifications, and support.

8.1 Profile

Purpose:
Manage authorized vendor account representative details, email contact, and business registration info.

How to access:
Click 'Profile' in the sidebar or visit /vendor/profile

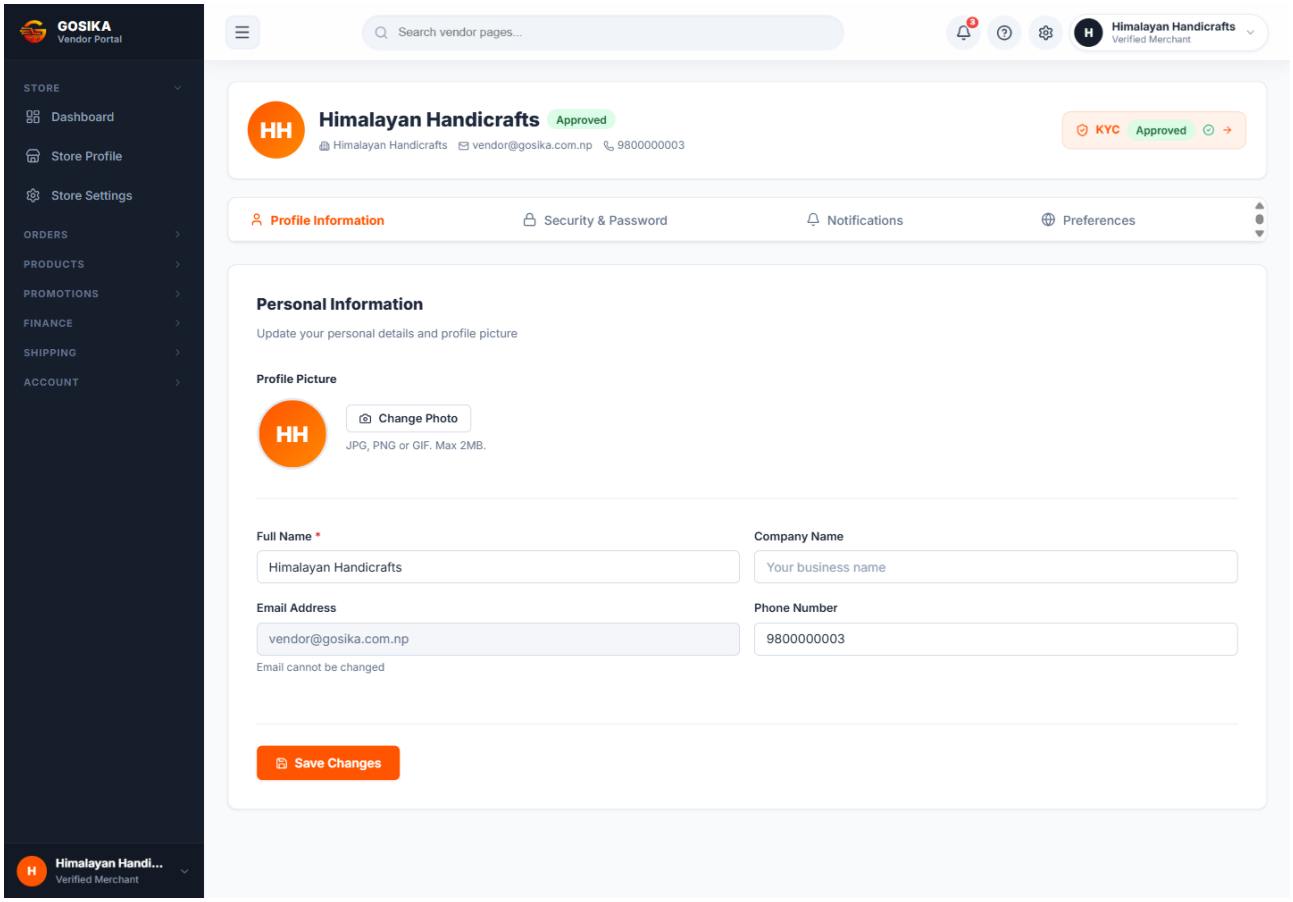

Figure: Vendor Profile

Step-by-step instructions:

1. Click 'Profile' in the ACCOUNT sidebar section.
2. Update contact name, primary email, and phone number.
3. Save profile changes.

Expected Result:
Current contact info saved for platform correspondence.

8.2 KYC Verification

Purpose:

Submit government identification, PAN/VAT certificates, and business registration for compliance.

How to access:
Click 'KYC Verification' in the sidebar or visit /vendor/verification

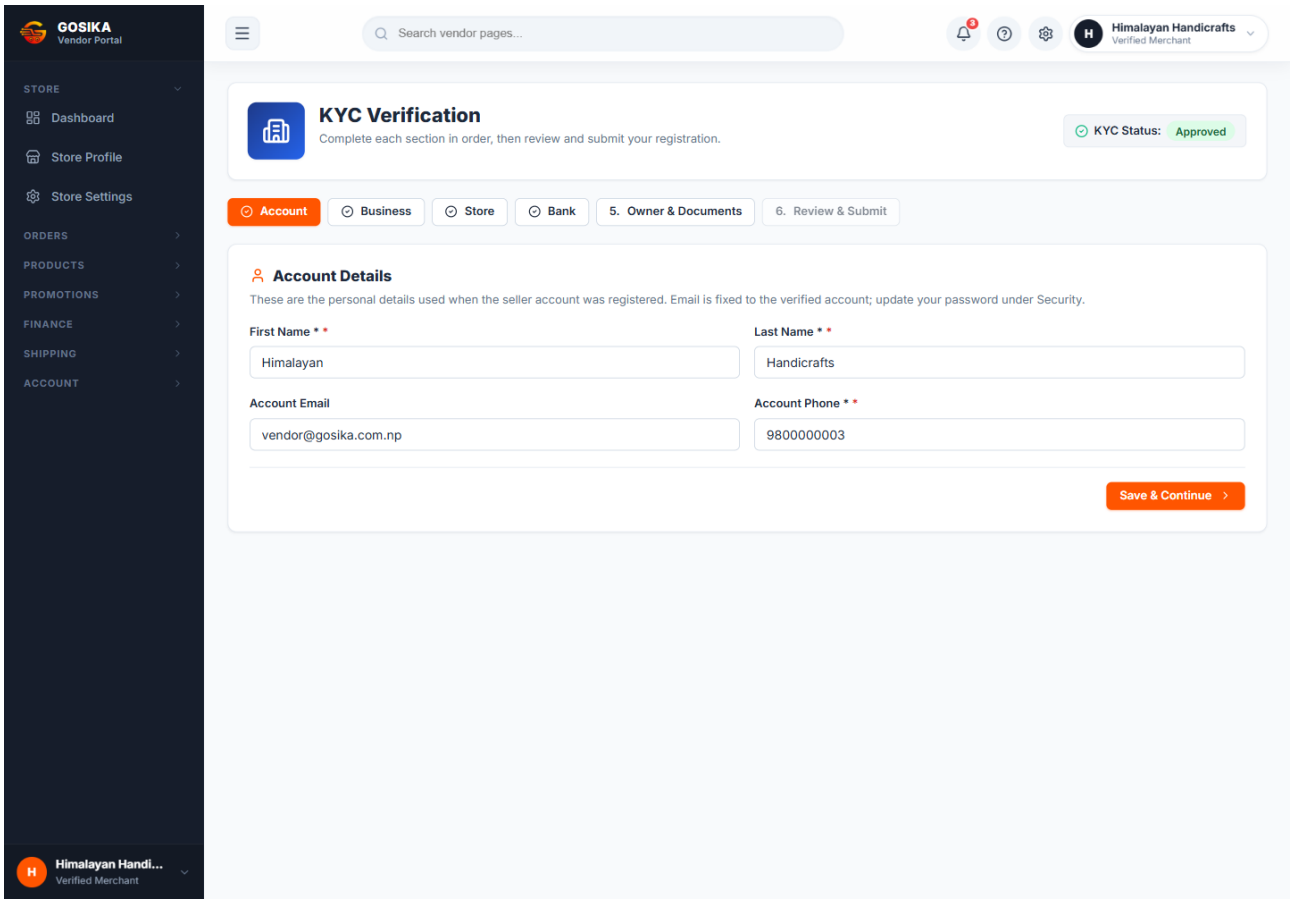

Figure: KYC Verification

Step-by-step instructions:

1. Click 'KYC Verification' in the ACCOUNT sidebar section.
2. Select your business entity type (Individual / Registered Company).
3. Upload citizenship/passport scan and company PAN/VAT certificate.
4. Submit for administrative verification.

Expected Result:
Account achieves verified seller status, unlocking unrestricted selling limits.

■ Ensure uploaded document scans are crisp, legible, and unexpired.

8.3 Bank Account

Purpose:
Link verified commercial bank accounts for automatic settlement disbursements.

How to access:
Click 'Bank Account' in the sidebar or visit /vendor/bank-accounts

© 2026 GOSIKA Pvt. Ltd. Confidential.

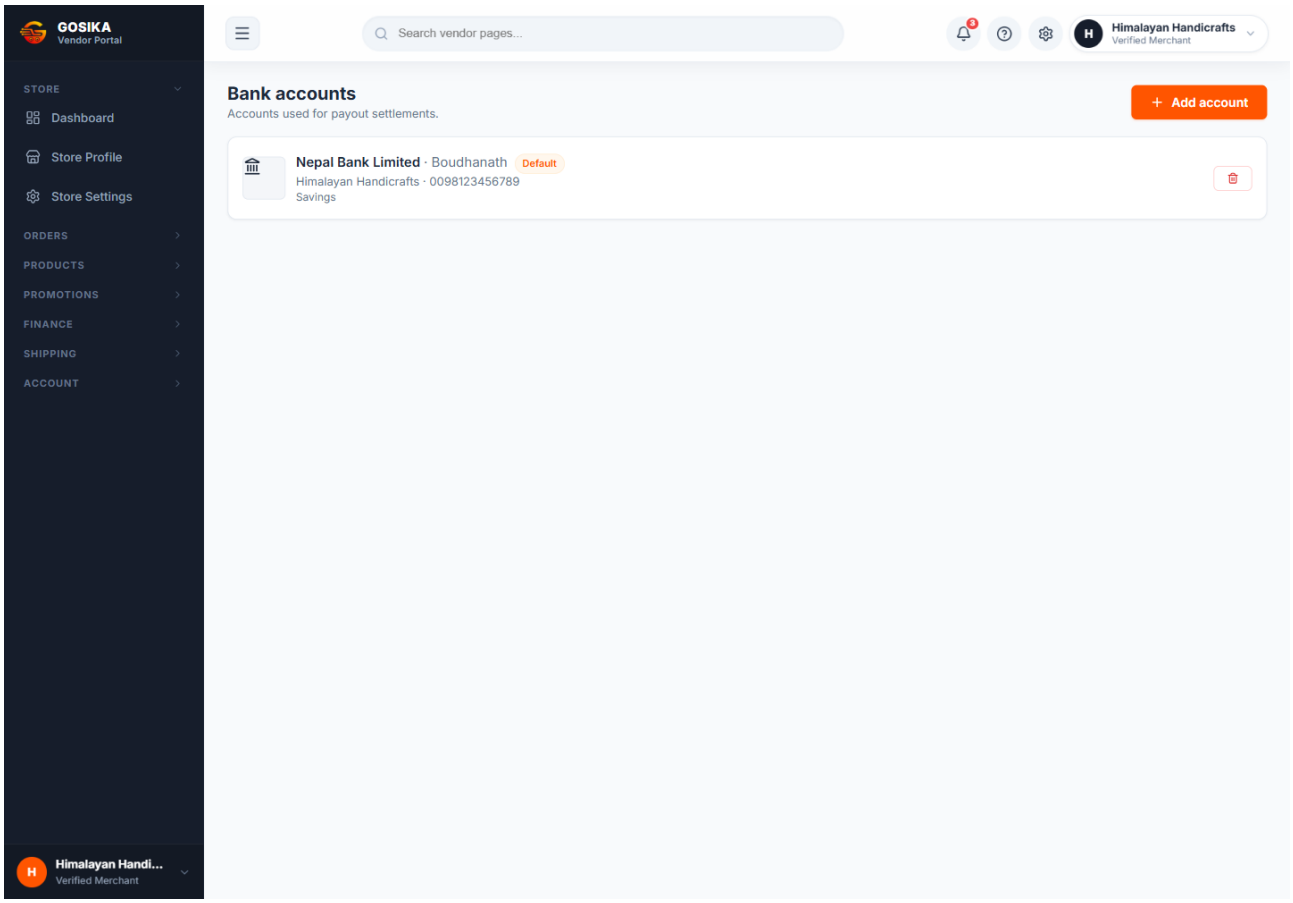

Figure: Bank Accounts

Step-by-step instructions:

1. Click 'Bank Account' in the ACCOUNT sidebar section.
2. Click 'Add Bank Account'.
3. Enter the Bank Name, Branch, Account Holder Name, and Account Number.
4. Save and designate as primary payout destination.

Expected Result:
Direct deposit destination configured for all future payout withdrawals.

■ Account holder name must match your legal business registration or citizenship.

8.4 Security

Purpose:
Update account login passwords and manage authentication credentials.

How to access:
Click 'Security' in the sidebar or visit /vendor/security

© 2026 GOSIKA Pvt. Ltd. Confidential.

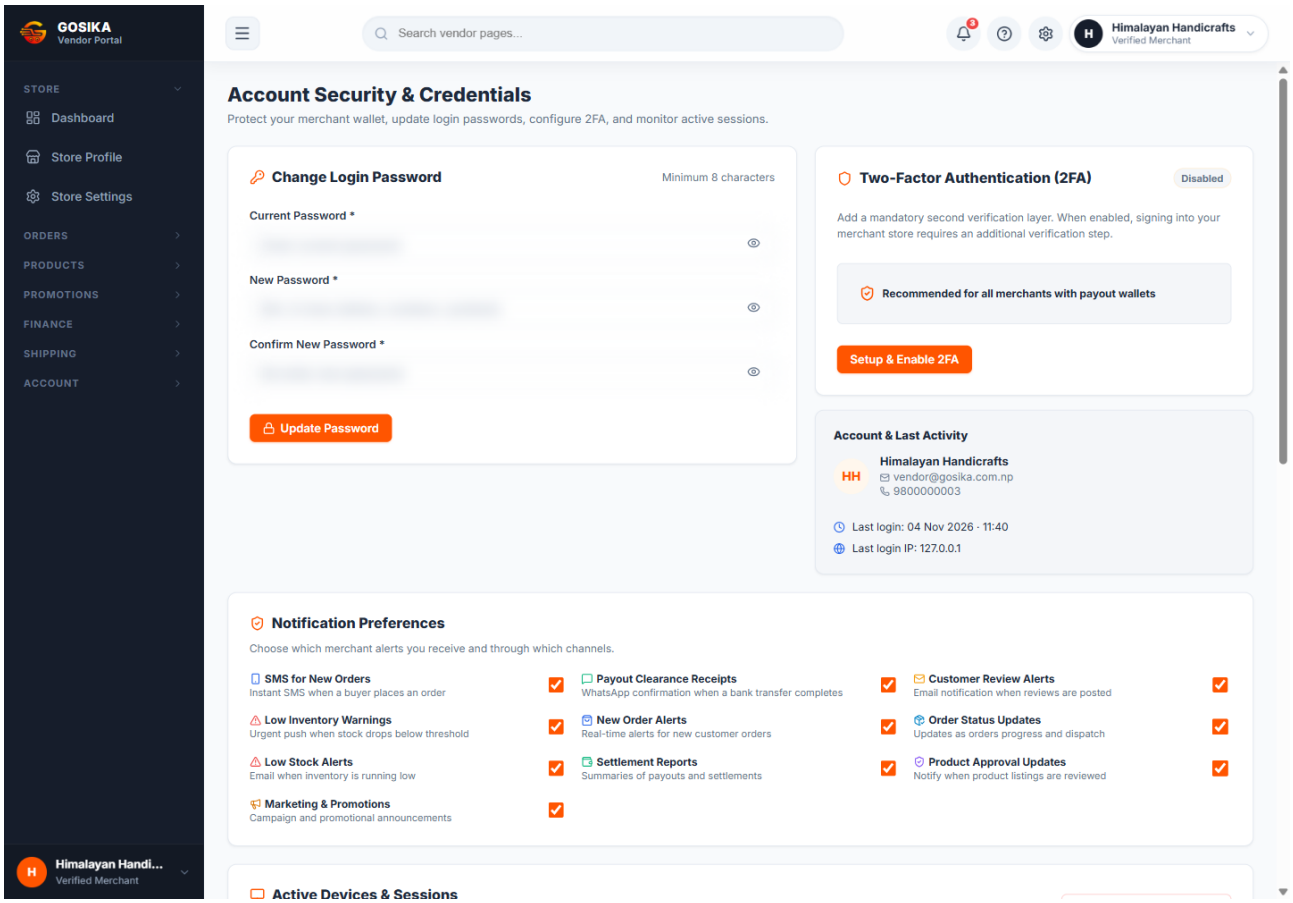

Figure: Security Settings

Step-by-step instructions:

1. Click 'Security' in the ACCOUNT sidebar section.
2. Enter your current password.
3. Set a new strong password (at least 8 characters, numbers, and symbols).
4. Confirm and save.

Expected Result:
Account security updated immediately.

■ Never reuse passwords across multiple services.

8.5 Notifications

Purpose:
Review system announcements, order updates, stock alerts, and customize alert preferences.

How to access:
Click 'Notifications' in the sidebar or visit /vendor/notifications

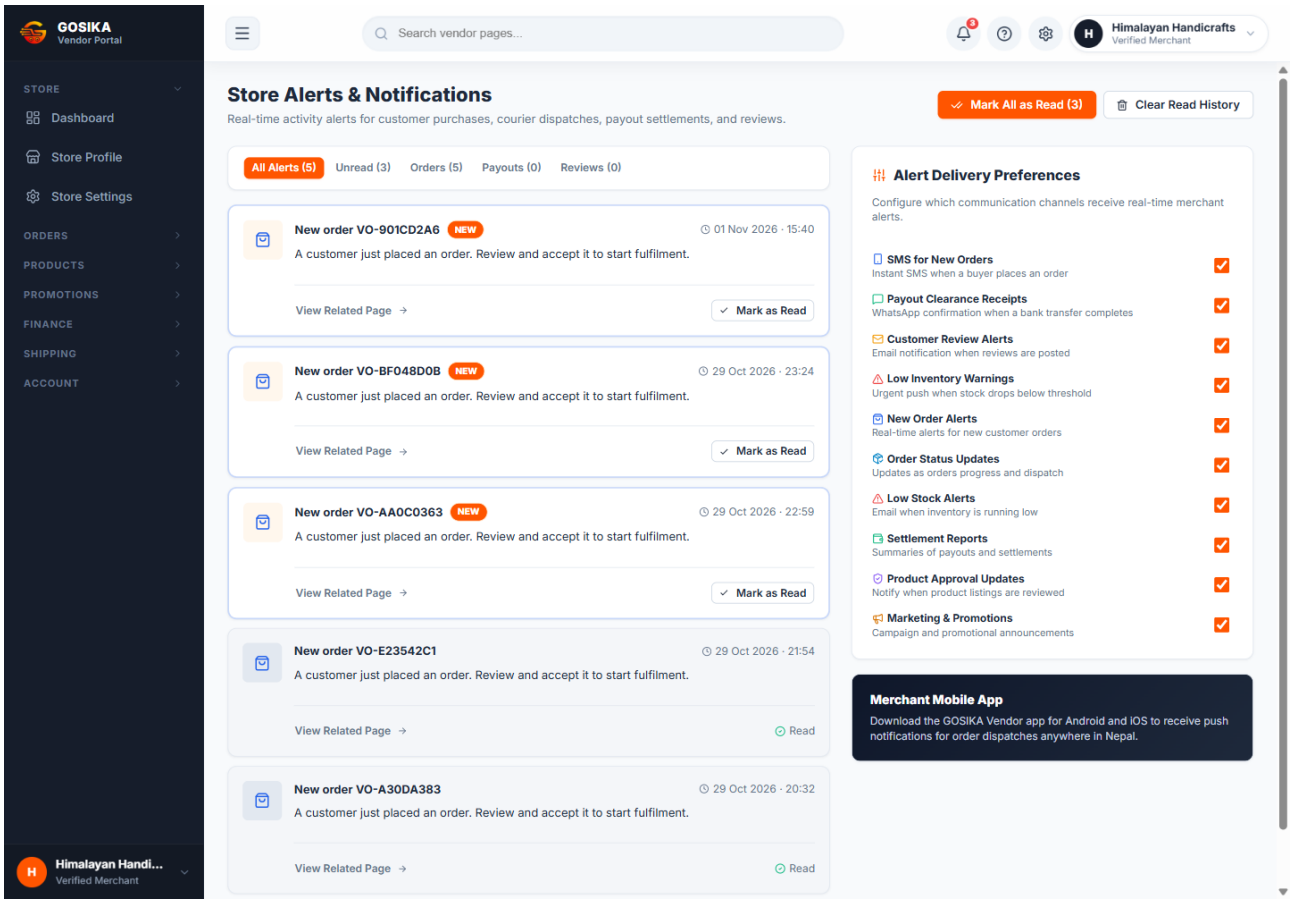

Figure: Notifications

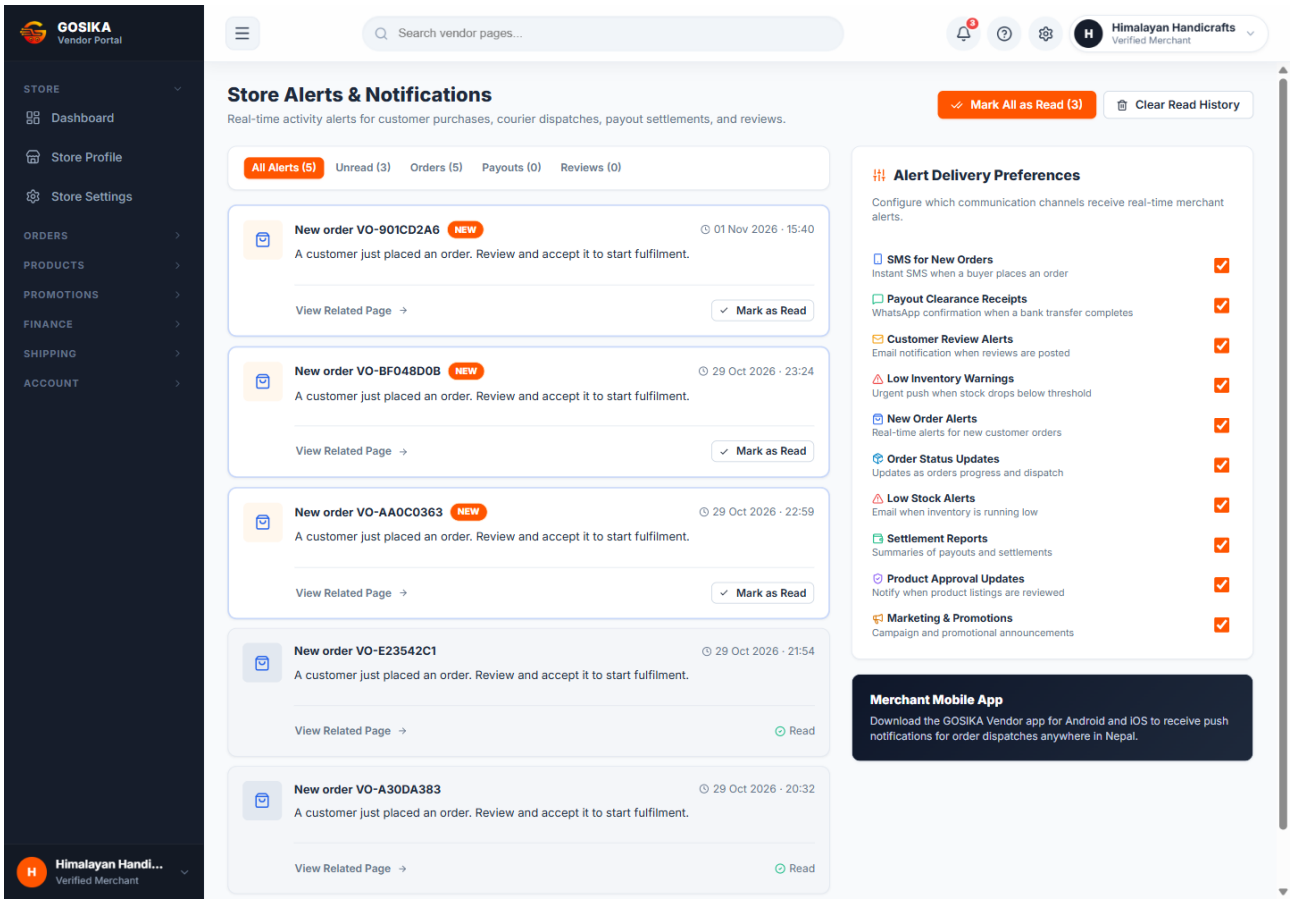

Figure: Notification Preferences

Step-by-step instructions:

1. Click 'Notifications' in the ACCOUNT sidebar section.
2. Review unread alerts regarding new orders, reviews, or policy updates.
3. Adjust email and in-app notification toggles.

Expected Result:
Immediate awareness of critical store events.

8.6 Support

Purpose:
Contact GOSIKA vendor support helpdesk, view open support tickets, and submit new inquiries.

How to access:
Click 'Support' in the sidebar or visit /vendor/support

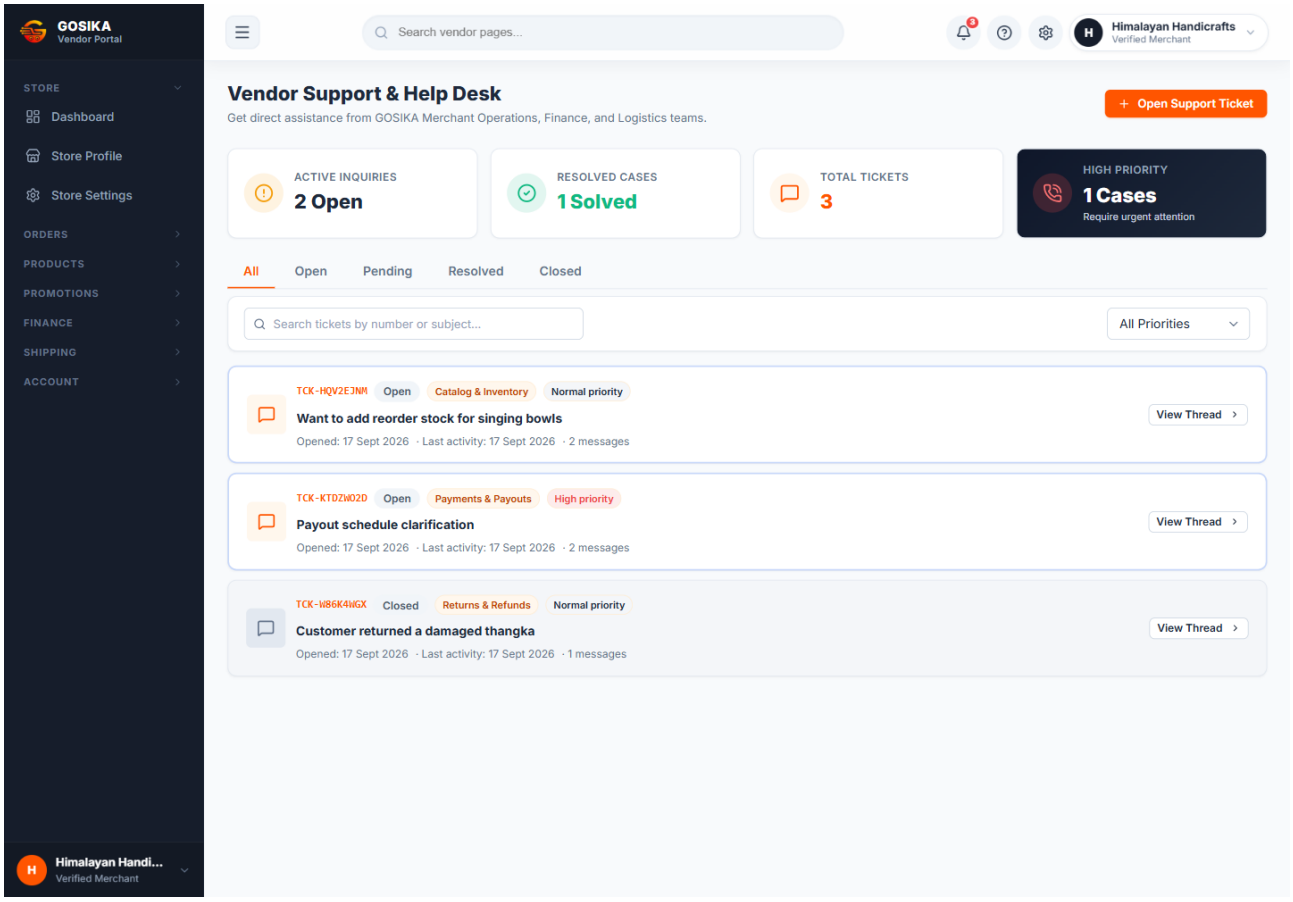

Figure: Support Centre

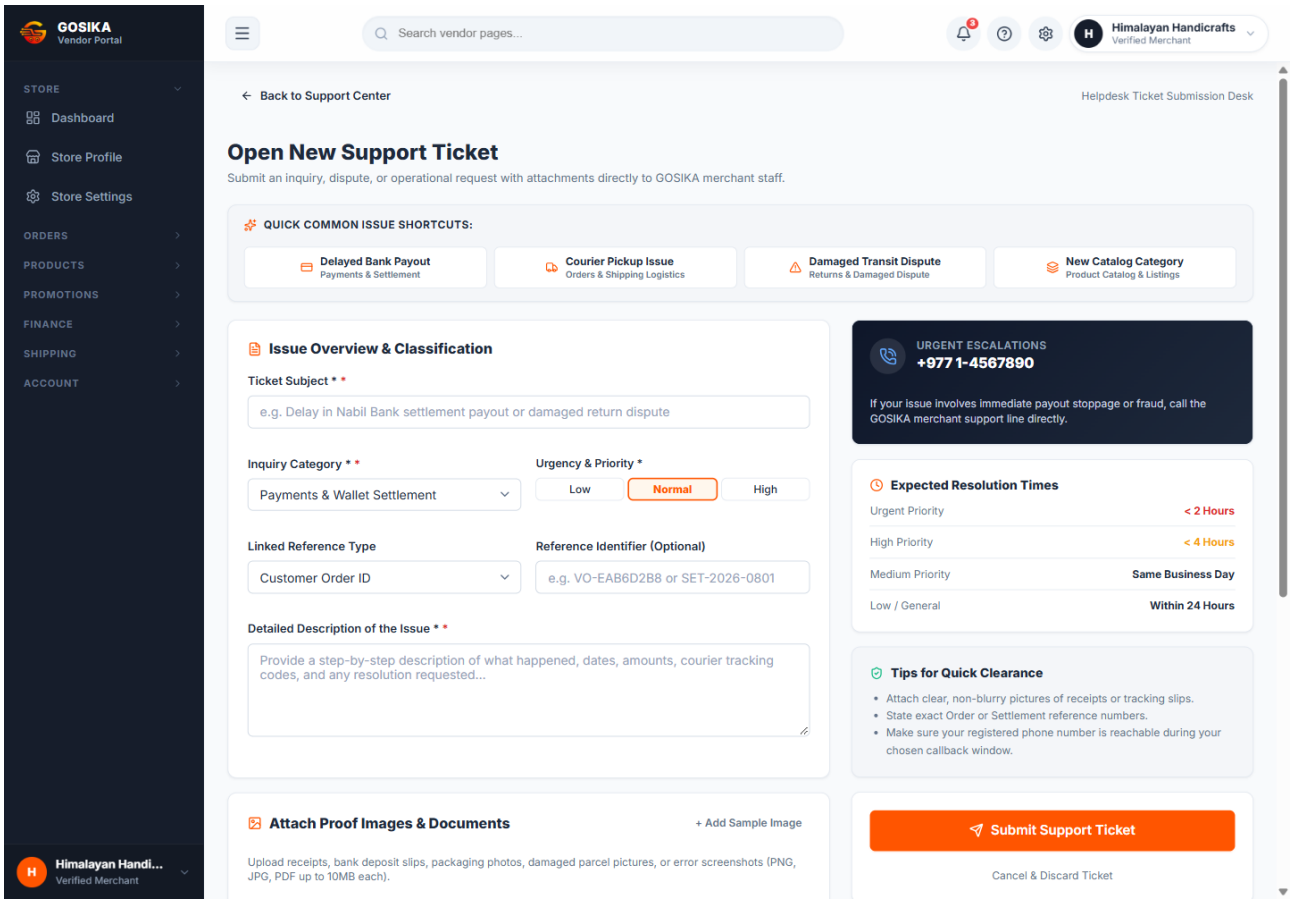

Figure: New Support Ticket

Step-by-step instructions:

1. Click 'Support' in the ACCOUNT sidebar section.
2. Browse previous ticket history or common seller FAQs.
3. Click 'New Ticket' to open an inquiry.
4. Select issue category, type details, attach screenshots, and submit.

Expected Result:

Support ticket is dispatched to the GOSIKA merchant assistance team.

■ Support teams typically respond within 24 business hours.
